A GUIDE TO PUBLIC ACCOUNTS

1. Scope of the Public Accounts

The 1986-87 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2 contains the financial statements of those provincial crown corporations, boards and commissions in which the Province has an investment or which have borrowed from the Province or from others with a guarantee by the Province. Also included are selected agencies and certain significant operational agencies which are funded in whole or in part by revenues generated from their operations.

Volume 3 contains the details of expenditure required by the Standing Public Accounts Committee.

2. A Guide to Volume 1 of the Public Accounts

(1) Financial Statements

The financial statements of the Province are presented on a comparative basis and rounded to millions of dollars. The financial statements and notes disclose, in summary, the major financial activities of the Province in the fiscal period and report on the significant aspects of the financial position at the close of the fiscal period. Also included in this section is a summary of the Province's significant accounting policies.

(2) Schedules to the Financial Statements

The schedules to the financial statements report in greater detail and to the nearest dollar the content of the various financial statements. Supplementary analyses of both budgetary revenue and budgetary expenditure are provided. Also included are complete details of direct debt obligations and contingent liabilities at the fiscal year end, and a ten year review of both the Consolidated Revenue Fund transactions and the financial assets and liabilities.

(3) Miscellaneous Statements

Statements of certain special purpose accounts and other supplementary financial data are provided in this section. The financial statements of the Province of Ontario Savings Office, a branch of the Ministry of Revenue, also appear in this section.

(4) Ministry Statements

A Government-wide tabular Summary of Appropriations and Actual Expenditure is provided as an introduction to this section on page 4-3. Individual ministry reports of financial activity are provided on pages 4-5 to 4-468. The following six separate statements are presented for each ministry as applicable.

(a) "Statement of Expenditure by Program"

This Statement provides an overview of the expenditures of each ministry. It shows, by ministry program and in total for the ministry, the amount of the current year's actual expenditures which is compared with the related appropriation for the current year and the previous year's actual expenditures. Ministry totals for budgetary expenditures and non-budgetary expenditures are also shown.

(b) "Statement of Expenditure by Program and Activity"

This statement, prepared for each ministry program, is designed to show the activities comprising the program. The appropriation for each activity is analyzed according to funds appropriated through the Expenditure Estimates or approved by Management Board and the total is compared to the actual amount spent for the fiscal year. Statutory payments are reported separately. The "program description" narrative contained in the Expenditure Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenditure by Activity and Standard Accounts Classification"

This statement reports actual ministry expenditures for each program on the basis of the Standard Accounts Classification within each activity. Statutory Appropriations and Non-Budgetary Expenditures are not Standard Accounts. Amounts required for Statutory Appropriations and Non-Budgetary Expenditures are shown, where applicable, as separate entries under the Standard Accounts Classification details relating to each Activity.

The following is a brief outline of the types of budgetary expenditures included in each of the eight Standard Accounts comprising the Standard Accounts Classification:

Salaries and Wages

Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to public servants.

Employee Benefits

Includes the government's contribution as an employer to the Canada Pension Plan; the Public Service Superannuation Fund; the Unemployment Insurance Fund; the Workers' Compensation Board; and other employee benefit plans.

Transportation and Communication

Includes travelling expenses of public servants on government business and recipients of government services, such as wards of the Province; relocation expenses of public servants who are transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone, telegram, and data communications.

Services

Includes information services, such as, advertising provided by professional agencies and advertising placed directly with the media; rental and the purchased repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and Equipment

Includes provision for the purchase of all machinery and equipment, both new and used; and the purchase of all materials, supplies and utilities.

Acquisition/Construction of Physical Assets

Includes all costs of acquisition and construction by contract of new and used buildings and engineering structures; and the cost of acquisition of land.

Transfer Payments

Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other Transactions

Includes special transactions, such as Ontario Development Corporation — Loan Forgiveness and Guarantees; Municipal Taxes on A.R.D.A. owned property; and repayable grants.

(d) "Statement of Budgetary Revenue"

This ministry statement reports on a comparative basis the fiscal year revenues analyzed by the thirteen standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Repayments of Loans, Advances and Investments"

This statement reports on a comparative basis the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility for the related loans, advances and investments made from the Consolidated Revenue Fund.

(f) "Statements of Deposits to Pension and Related Benefit Funds and Special Purpose Accounts"

This statement reports on a comparative basis the deposits into appropriate accounts. Reporting by a ministry generally denotes responsibility for the related trust administration account.

SOURCES OF ADDITIONAL INFORMATION

The Ontario Budget

The government presents a Budget each year, usually in the early spring. The background and implications of any new tax proposals are contained in the Budget papers, which include the Budget Statement, Budget Measures, the fiscal plan and other information. Copies may be obtained free from the Ontario Government Bookstore, 880 Bay Street, Toronto, or by writing to the Publications Services Section, 5th Floor, 880 Bay Street, Toronto, Ontario, M7A 1N8.

The Estimates of the Province of Ontario

The government's spending estimates for the fiscal year commencing April 1 are presented to members of the Legislative Assembly following the presentation of the Ontario Budget by the Treasurer. The estimates outline the spending plans of each Ministry that the Legislative Assembly will be asked to approve in the form of the Supply Act and various other appropriation acts. Supplementary estimates are tabled as required during the fiscal year. Copies of the estimates may be obtained free from the Ontario Government Bookstore, 880 Bay Street, Toronto or by writing to the Publications Services Section, 5th Floor, 880 Bay Street, Toronto, Ontario, M7A 1N8.

Province of Ontario Financial Report

The Financial Report is issued annually for the fiscal year ending March 31 to Members of the Legislature, financial community and the public, usually in late July or early August. This report highlights the major aspects of Ontario's finances and presents summarized financial statements for the fiscal year ended. The report is available free from the Ontario Government Bookstore, 880 Bay Street, Toronto, Ontario, M7A 1N8.

Ontario Finances

This is a quarterly report on the government's Budget for the fiscal year. It covers developments during the fiscal year and provides a revised outlook for the remainder of the year. Copies may be obtained free by writing to the Ministry of Treasury and Economics, Communications Branch, 5th Floor, Frost Building South, 7 Queen's Park Crescent, Toronto, Ontario, M7A 1Y7.

Ontario Statistics

This report, which is published every other year, supplies information on four areas — the Land, the People, the Economy and the Government. The latest edition (1986) is available from the Ontario Government Bookstore, 880 Bay Street, Toronto, or by writing to the Publications Services Section, 5th Floor, 880 Bay Street, Toronto, Ontario, M7A 1N8. Price \$20.

Ontario Economic Accounts

This quarterly report contains data on changes in Ontario's economic growth. Copies may be obtained free by writing to the Ministry of Treasury and Economics, Office of Economic Policy, 5th Floor, Frost Building North, 95 Grosvenor Street, Toronto, Ontario, M7A 1Z1.

Demographic Bulletin

This bulletin provides statistics on the components of population changes in Ontario and is produced intermittently during a year. Copies may be obtained free from the Ontario Government Bookstore, 880 Bay Street, Toronto, or by writing to the Publications Services Section, 5th Floor, 880 Bay Street, Toronto, Ontario, M7A 1N8.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

THE ACCOUNTING BASIS

The financial statements, prepared using the concept of a Consolidated Revenue Fund, have been designed to provide an accounting of the financial resources appropriated by the Ontario Legislature. The policies and practices followed by the Province, under which the financial transactions of government ministries are set out as Consolidated Revenue Fund cash inflows and outflows, best accommodate reporting to the Legislature.

The cash basis of accounting used by the Province is modified to allow for an additional thirty days to pay for debts incurred during the fiscal year just ended. Cash inflows, however, are closed at March 31 for cash received or in transit.

Loans and advances made to Crown corporations, boards and commissions are recorded as financial assets if they are expected to be repaid and have specific terms and conditions. The asset values are periodically adjusted when it can be reasonably determined that the value of the underlying security has diminished, and when the Province's asset is not likely to be fully recovered. Equity holdings in Crown corporations are valued at a nominal amount of \$1.

The accounting of the Province's transactions is recorded under three categories:

BUDGETARY TRANSACTIONS

Budgetary transactions are the revenue and expenditure activities of the Government.

Revenue

This includes revenue raised through taxation, premiums, fees, licences and permits, payments from the federal government under fiscal arrangements and shared-cost programs, and income from investments.

Expenditures

Expenditures on government programs include payments for goods and services, transfer payments to individuals, local governments and institutions, subsidies and grants, salaries, interest on debt issued for provincial purposes, and the acquisition and creation of fixed assets. Expenditures on fixed assets are expensed as budgetary items in the year of acquisition since they are not considered to differ from any other service to the public. Discount, premium and commission expenses related to debt issues are treated as current year budgetary transactions.

NON-BUDGETARY TRANSACTIONS

Non-budgetary transactions are the lending, investment and special account administration activities of the Government, including loans, advances and investments, pension and related benefit funds and special purpose accounts. These transactions affect only asset and liability accounts.

Loans, advances and investments

This category includes Ontario's lending and investment activity in various Crown corporations, agencies and local governments.

Pension and related benefit funds

Pension and related benefit funds consist of all employee and employer contributions and interest earnings of the funds which are mainly for government employees, members of the Legislature, provincial judges, the Superannuation Adjustment Fund, less payments made from these funds.

Special purpose accounts

Special purpose accounts arise from Provincial administration of special accounts, generally established by legislation, such as the Motor Vehicle Accident Claims Fund and deposits with the Province of Ontario Savings Office.

FINANCING TRANSACTIONS

Financing transactions show the issuance and repayment of securities.

Debt transactions

Provincial purpose transactions are the borrowing and repayment activities for the Province's own purposes.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES — Concluded**FINANCIAL ASSETS, ACCUMULATED DEFICIT AND LIABILITIES****Financial assets**

Advances to Ontario Hydro represent the funds advanced to the Corporation and are stated in Canadian dollars using the year-end rate of exchange.

All other financial assets are claims by the Consolidated Revenue Fund on other parties and have been created by cash transactions.

Accumulated deficit

The accumulated deficit of the Province is the difference between its liabilities and financial assets; it represents the accumulation of all budgetary deficits and surpluses since Confederation. The year-to-year change in the accumulated deficit is the amount by which budgetary revenues are greater or less than budgetary expenditures.

Liabilities

Liabilities are claims by other parties on the Consolidated Revenue Fund.

Debt incurred for provincial purposes comprises debentures, notes and treasury bills which are recorded at the face value of the debt instrument, or in the case of the foreign currency denominated debt, at the Canadian dollar equivalent. The general resources of the Province are used for the continued orderly retirement of debt and no sinking funds are maintained for this purpose.

Other liabilities include pension and related benefit funds, deposits with the Province of Ontario Savings Office and other special purpose accounts.

Contingent liabilities

The contingent liabilities of the Province consist of guarantees by the Treasurer of Ontario and material claims against the Crown.

FOREIGN CURRENCY TRANSLATION

Proceeds and retirements of loans denominated in foreign currencies are recorded as financing transactions at the Canadian dollar equivalent, using the rate of exchange prevailing on the day of the transaction. Debt payable and contingent liabilities are translated to Canadian dollars at year-end rates of exchange.

In the case of outstanding debt issued on behalf of Ontario Hydro, the offsetting advances to Ontario Hydro are similarly translated at year-end rates of exchange, so there is no exchange gain or loss to be recorded. Exchange gains or losses related to outstanding debt incurred for provincial purposes are recorded as budgetary transactions.

NOTES TO THE FINANCIAL STATEMENTS

(all figures in millions of dollars)

1. Cash and temporary investments

Temporary investments are mainly marketable short-term securities issued by Canadian chartered banks, and by provincial and federal governments and are recorded at cost.

2. Advances to corporations, boards and commissions

	1987	1986
Development Corporations	\$268	\$285
Ontario Mortgage Corporation (note 13)	146	323
Other	99	107
	<u>\$513</u>	<u>\$715</u>

The Ontario Development Corporation and the associated Eastern Ontario Development Corporation and Northern Ontario Development Corporation provide loans and arrange for provincial guarantees of bank loans to qualified enterprises. The Province has advanced funding for the Corporations' lending programs. The Province also defrays the Corporations' costs for all administrative expenses, loans made at low interest rates, and honouring guarantees, amounting to \$16 million in 1987 (1986 \$15 million). Advances to the Corporations are reduced by their loan forgiveness and write-offs, amounting to \$16 million in 1987 (1986 \$9 million).

The Ontario Mortgage Corporation advances of \$146 million as at March 31, 1987 represent the market value of mortgages held by the Corporation.

3. Investments in water treatment and waste control facilities

The Ministry of the Environment lets extensive contracts for the building of water and sewage systems to serve municipalities. These investments are being recovered over the life of the agreements with the municipalities.

Agreements covering \$407 million of the investment are for provincially-owned projects that are subject to service rate billings. The proceeds from these billings are used to amortize the investment over periods of up to forty years, to pay for operating costs, and to provide a return on the investment.

Certain other agreements provide for the accumulation of the principal portion of annual amortization payments in a sinking fund. The accumulated balance in these funds, amounting to \$36 million at March 31, 1987 (1986 \$45 million), was applied as a reduction of the investment account.

4. Other loans

Included in other loans are Ministry of Health capital construction loans to public hospitals amounting to \$35 million (1986 \$42 million) as well as mortgages of \$36 million assumed from the Ontario Land Corporation.

5. Advances to Ontario Hydro

The Province issues securities and advances the proceeds to Ontario Hydro in exchange for bonds with like terms and conditions. These transactions and the ensuing retirement and debt servicing costs are the result of a financing alternative and are not part of the Province's own budget plan.

As at March 31, 1987, the bonds consist of U.S. \$5,109 million (1986 U.S. \$5,145 million), and Canadian \$1,119 million (1986 Canadian \$1,000 million) with respect to Canada Pension Plan funds. The bonds denominated in U.S. dollars are recorded at \$6,667 million (1986 \$7,189 million), the Canadian dollar equivalent using the exchange rate in effect on that date. Transactions during the year are as follows:

The U.S. dollar debenture liability has been revalued, using the rate of exchange as at March 31. The foreign exchange gain is \$472 million (loss of \$158 million in 1986).

As explained in Note 5, the province has an offsetting asset of Ontario Hydro bonds with like terms and conditions to the securities issued by the Province.

7. Pension and related benefit funds

The Province maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less payments regarding the following pension and related benefit funds and accounts. The amounts recorded by the Province are the sole assets of these plans.

	1987	1986
Public Service Superannuation Fund	\$4,563	\$4,030

The latest actuarial report of the Public Service Superannuation Fund as at December 31, 1985, showed a surplus of \$109.9 million.

An actuarial review of the Legislative Assembly Retirement Allowances Account as at March 31, 1986, showed a deficit of \$1 million. The Province has made this payment as at March 31, 1987.

Claims against the Crown:

There are claims outstanding against the Crown of which six are for amounts over \$50 million each, arising from legal action either in progress or threatened in respect of native Indian land claims, breach of contract, damages to persons and property and like items. The cost to the Province, if any, cannot be determined because the outcome of these actions is uncertain. To the extent that any such claims are successful, settlements resulting therefrom will be recorded as budgetary expenditure when paid.

9. Teachers' Superannuation Fund

Through budgetary expenditure, the Province makes annual payments matching teachers' contributions to the Teachers' Superannuation Fund, which is administered by the Teachers' Superannuation Commission. The Province is also committed to paying any deficiency in the Fund.

The latest actuarial report as at December 31, 1984 showed a surplus of \$693 million.

11. Budget figures

The budget figures in the financial statements are from the 1986 Ontario Budget which was presented by the Treasurer of Ontario to the Legislative Assembly on May 13, 1986.

The Estimated year-end savings figure in the Statement of budgetary expenditure represents expected underspending during the year which was not specifically identified by ministry at Budget time.

12. Comparative figures

The 1986 comparative figures have been reclassified where necessary to conform with the 1987 financial statement presentation.

a) 1985-86 Extraordinary Adjustments

Before 1985-86, loans and advances made to, and investments made in, Crown corporations, boards and commissions were recorded as financial assets. In some cases, the funds required to repay the advances and loans were effectively provided out of provincial expenditure appropriations. Following an announcement in the October 1985 Budget, certain advances, loans and investments in corporations, boards and commissions were written down or forgiven. The write-offs or loan forgiveness were classified as extraordinary adjustments, since they were not typical of normal government activities and were not considered as recurring factors in any evaluation of ordinary government operations.

NOTES TO THE FINANCIAL STATEMENTS — Concluded

In summary, extraordinary adjustments and their impact:

• increased budgetary expenditure	\$3,671 million
• increased non-budgetary contribution	\$3,166 million
• increased net cash requirements	\$ 505 million

Full details were described in the 1986 Financial Report and the 1986 Public Accounts. For better comparison, the 1987 financial statements are compared to 1986 excluding the extraordinary adjustments.

b) Interprovincial lotteries

Prior to April 1, 1986, interprovincial lottery profits were paid into a non-budgetary special purpose account from which authorized payments were made. This account had a balance of \$330 million at March 31, 1986.

Beginning in 1986-87, interprovincial lottery profits are reported as budgetary revenue. The 1986 results have been restated on a comparative basis:

• budgetary revenue increased by	\$181 million
• budgetary expenditure increased by	\$ 65 million
• budgetary deficit decreased by	\$116 million
• special purpose accounts decreased by	\$330 million
• March 31, 1986 accumulated deficit decreased by	\$330 million

13. Ontario Land Corporation

As at March 31, 1987, the Ontario Land Corporation (OLC) was dissolved and its assets taken over by the Ontario Mortgage Corporation and the Province. The Province assumed a liability of \$32 million in debentures due to Canada Mortgage and Housing Corporation together with a debt retirement fund of \$35 million established by OLC. This retirement fund consisted of cash and marketable securities of \$15 million and \$20 million of mortgages. In addition, the Province assumed a further \$16 million in mortgage assets, together with a net amount due to the Province from OLC on liquidation of \$5 million. Since the Province merely assumed existing assets and liabilities, those transactions were effected directly to the Statement of Financial Position:

- Debt increased by \$32 million
- Cash and temporary investments increased by \$15 million
- Other loans increased by \$41 million
- Accumulated deficit decreased by \$24 million

PROVINCIAL AUDITOR'S OPINION

I have examined the statement of financial position of the Province of Ontario as at March 31, 1987 and the statements of consolidated revenue fund transactions, budgetary revenue, budgetary expenditure, non-budgetary transactions and debt transactions for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly, in accordance with the basis of accounting set out in the Summary of Significant Accounting Policies, the financial position of the Province as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended. Further, in my opinion, after giving retroactive effect to the change in accounting for interprovincial lottery profits as explained in note 12(b) to the financial statements, these Policies have been applied on a basis consistent with that of the preceding year.

The terms "in my opinion" and "present fairly" in the preceding paragraph indicate that my examination was carried out to provide a high degree of assurance that the financial statements of the Province do not contain material aggregate error. More specifically, I am 99 per cent confident that the total of any errors in the financial statements is less than \$60 million.

In accordance with section 12 of the Audit Act, a report will be made to the Speaker of the Legislative Assembly. A more complete explanation of the Provincial Auditor's opinion will be included in this report.

D.F. Archer, F.C.A.,
Provincial Auditor.

TOTAL TAXATION	<u>19,863,074,274</u>	<u>17,061,553,015</u>

Personal Income Tax is collected by the Federal Government on behalf of the Province at the rate of 50% of Basic Federal Tax. The amount received by the Province is net of \$272,153,071 and \$272,137,815 for 1987 and 1986 respectively, for Ontario Tax Credits. The amount received in 1987 is also net of \$2,846,929 (1986 \$2,862,185) for administration fees charged by the Government of Canada, in respect of the Ontario Tax Credits.

The surtax of 3 per cent of Basic Ontario Income Tax in excess of \$5,000 levied in 1986 will continue for the 1987 and subsequent taxation years.

The prescribed taxable income level below which no Ontario tax is payable is \$2,075 for 1987. The level below which reduced Ontario tax is payable will be \$2,275.

Retail Sales Tax is levied on the purchaser of most tangible personal property and certain services at the rate of 7% of the purchase price. For admission fees exceeding \$4.00 and alcoholic beverages sold at licensed establishments the rate is 10%. Alcoholic beverages sold through retail outlets is taxed at 12%. There are, however, a range of exemptions and rebates. The Retail Sales Tax is collected for the Province by appointed vendors.

Corporations Tax includes an income tax of between 10% and 15½% of the taxable income of corporations; a capital tax ranging from a \$50 minimum up to 3/10 of 1% of taxable capital for most corporations; a capital tax up to 4/5 of 1% of taxable capital for certain financial institutions; an insurance premiums tax of between 2% and 3% for most classes of insurance; and a tax of 1/2 of 1% on property premiums. The amount shown includes a transfer payment of \$77,310 (1986 \$6,346) from the Government of Canada in respect of tax paid by corporations under Part IX of the Income Tax Act (Canada).

The specific tax for all grades of gasoline is 8.3 cents per litre. On aviation fuel the specific tax is 1.88 cents per litre. Refunds are available for certain farm and other off-highway unlicensed equipment. The tax is collected for the Province mainly by oil companies.

Tobacco Tax covers all forms of tobacco products. The specific tax is 2.83 cents per cigarette and 1.6 cents for each gram, or part of a gram, of cut tobacco and all other tobacco products except cigars. The tax rate on cigars is 45 per cent.

SCHEDULES TO STATEMENT OF BUDGETARY REVENUE

DETAILS OF BUDGETARY REVENUE — Continued

Fuel Tax applies to diesel fuel used in a motor vehicle and railway locomotives. The specific tax for diesel fuel is 9.9 cents per litre. For diesel fuel used in railway locomotives the specific tax is 3.1 cents per litre. The tax is collected for the Province mainly by wholesalers or oil companies but in some cases is remitted directly by users.

Land Transfer Tax is collected through Ontario land registrars on the transfer of land at the rate of $\frac{1}{2}$ of 1% up to the value of \$55,000 and 1% on the remainder of the transfer price. An additional tax of $\frac{1}{2}$ of 1 per cent is imposed on that portion of the purchase price in excess of \$250,000, where the sale is a single parcel of land containing one, but not more than two, single family residences. For non-residents acquiring certain restricted lands, the rate is 20% of the transfer price.

Race Tracks Tax, which is collected by the operators of race meets and remitted to the Province, is levied at the rate of 9% on Triactor betting and 7% in the case of all other wagers.

Mining Profits Tax is collected directly by the Province on profits in excess of \$250,000 on a sliding scale tax rate. The minimum tax rate applicable is 15% on profits from \$250,000 to \$1 million with the maximum tax rate of 30% applied to profits over \$20 million. The Act is amended for 1987-88.

Privately-owned Public Utilities Income Tax is a partial rebate of the related federal income tax. The rebateable portion and rate are subject to the Public Utilities Income Tax Transfer Act (Canada).

The Succession Duty Act was repealed on April 10, 1979. Duty collected relates to unsettled estates arising from deaths prior to that date.

Provincial Land Tax is collected in areas without municipal organization on real properties at the rate of 1.5% of taxable assessment and from telephone and telegraph companies at 5% of gross receipts. Separate schedules of rates for gas pipelines and oil pipelines are used which correspond to the schedules for municipal taxation, as set out in the Assessment Act.

Revenue from other taxes collected by the Province includes revenue from certain taxes now repealed, such as Land Speculation Tax and Gift Tax and revenue from reciprocals exchange and unlicensed companies, which is a tax levied on insurance companies not specifically licensed and operating in Ontario.

SCHEDULES TO STATEMENT OF BUDGETARY REVENUE

DETAILS OF BUDGETARY REVENUE — Continued

Canada Assistance Plan payments are reimbursements by the Federal Government for a 50% share of the Province's costs in the provision of social assistance and welfare services to persons in need.

National Training Agreement payments are received from the Federal Government for assistance in Provincial programs of institutional and industrial training to develop and improve occupational and related skills which are likely to lead to enhanced opportunities for employment.

Bilingualism Development payments are reimbursements of the Federal Government's share of Provincial program costs in the provision of services to the public in both official languages; in providing adequate educational facilities in the "official minority language" and the teaching of the second official language; and existing Provincial bilingual projects where special assistance is needed.

Indian Welfare Services Agreement payments are contributions to assist the Province in providing welfare services and programs to persons living on Indian reserves equal to those available to persons living in other communities.

Vocational Rehabilitation of Disabled Persons Agreement payments are reimbursements by the Federal Government for their share of the Province's costs in comprehensive programs and services for vocational rehabilitation of disabled persons.

Legal Aid payments are the Federal Government's contribution to assist the Province in providing a minimum standard of legal aid in criminal cases. These contributions are based on the lesser of 90% of the Province's shareable expenditures or the prior years contribution adjusted for economic and population growth.

Young Offenders Agreement payments are reimbursements by the federal government for a 50% share of the Province's costs in providing specified juvenile justice services under the Young Offenders Act.

Subsidization of crop insurance premiums is the Federal Government's matching portion of the farmer's premium. This program is to provide stability of farmer's income due to crop losses and is administered by the Crop Insurance Commission of Ontario.

Economic Regional Development Agreement payments are reimbursements by the federal government for their share of the eligible costs of programs relating to forest management, research, technology transfer and public information.

The Great Lakes Water Quality Agreement payments are reimbursements by the Federal Government for their share of the costs of specific projects to maintain or improve the water quality of the Great Lakes System.

Regional and Economic Expansion payments represent the Federal Government's contributions under the General Development Agreement, 1974, for the improvement of opportunities for productive employment to regions which are in need of special support.

Established Programs Financing payments are contributions by the Federal Government under the Established Programs Financing Act, 1977 and supersede contributions from former cost-sharing agreements for hospital insurance and diagnostic services, medical care and post-secondary education. The cash contribution is based on 50% of the national average per capita contribution in the 1975-76 base year. The extended health care services payment is based on \$20 per capita in the 1977-78 base year. For each subsequent fiscal year, both payments are adjusted by the average rate of growth of the Canadian economy and by the population of the Province.

Reciprocal Taxation Agreement payments are in lieu of payments of the Province's Retail Sales Tax and Motor Vehicle Registration Fees by the Federal Government.

Other revenue received from the Government of Canada consists of:

- (a) annual subsidies of \$5,915,065 under the B.N.A. Act, 1907;
- (b) interest of \$142,414 on the Government of Canada Debt Account, which is payable at 5% per annum based on an amount of \$2,848,290, to compensate the Province of Ontario for monies withheld from the Province in the period July 1, 1867 to January 1, 1873;
- (c) interest of \$76,662 on the Common School Fund which is payable at 5% per annum based on an amount of \$1,542,971 representing Ontario's share in a permanent fund of \$2,677,771 held in trust by the Government of Canada for the Provinces of Ontario and Quebec. The Fund was derived from the sale of Crown lands set aside for the benefit of common schools by statutes enacted before Confederation. The payments to the Provinces are in proportion to their respective populations as determined by the most recent decennial census. The present allocation is based on the census of 1981.

Premiums are collected from the subscribers of the Ontario Health Insurance Plan. The applicable rates are \$29.75 per month for single subscribers and \$59.50 per month for family subscribers.

Profits from Crown Corporations and Boards are those amounts of net operating profits, which have been received by the Province. Starting in 1986-87, profits from Interprovincial Lotteries are considered part of Budgetary Revenue.

Vehicle registration fees are for the authorization to operate a motor vehicle upon a highway. For commercial vehicles and buses the fee ranges from \$81 to \$2,690. Passenger cars and commercial vehicles weighing 2,400 kilograms or less used for personal purposes are \$54 in Southern Ontario and \$27 in Northern Ontario. Fees for motorcycles and mopeds are \$30 and \$9 respectively.

DETAILS OF BUDGETARY REVENUE — Concluded

Liquor Licence Board fees include Brewers' Licence fees for the production of beer for sale in Ontario. These fees represent 21.2% of the laid-down cost of the various package sizes. Also included are licence fees for establishments selling liquor and fees on the sale of wine by winery owned or operated stores.

Driver examination fees are remittances for the written, visual and road tests required for a driver's licence.

Land registration services fees are remittances for the registration and maintenance of records of ownership and encumbrances affecting real property. The fees are collected by the land registry offices at the time of registration.

Maintenance payments re Homes for Special Care and Psychiatric Hospitals are remittances for the care of individuals in these institutions who are not insured under the Ontario Health Insurance Plan or for portions of the fees which are not covered under the Ontario Health Insurance Plan.

Hunting and fishing fees are remittances for the privilege of hunting wild game and sport fishing in the Province. The fishing fee for non-residents of Ontario is \$30 per season and the hunting fee ranges from \$5 to \$200 depending on the type of game.

Common carriers fees are for licencing of vehicles for the transportation of goods for compensation. The fees range from \$28 to \$754 depending on the classification and gross weight of the vehicle.

Fines and Penalties are remittances for infractions of laws, regulations and rules.

Utility Service Charges are revenues received from local governments for provincially operated water treatment and waste control facilities.

Water power remittances are for the use of dam sites for hydro-electric power generation. The water power rate in calendar year 1986 was \$5.95 multiplied by the annual average horsepower. The rate is escalated annually by the Consumer Price Index.

Timber stumpage charges are remittances for the harvesting of timber from Crown land. These payments are based on the type of operation of the licensee, the type and volume of timber harvested and the lumber industrial price indices. In addition, there is a charge to the licensee for the exclusive availability of a given area.

Ontario Health Insurance Plan re subrogation revenues are reimbursements from insurance companies for medical claims. The majority of these claims are related to vehicle accidents. The amount of the reimbursement is covered under agreements with insurance companies licenced in Ontario and is based on their annual automobile liability premium revenue.

Sales and Rentals are proceeds from the disposal of real property, supplies, equipment, services and goods produced in Provincial institutions; and revenue from property rentals and leasing of Crown land.

Recovery of Prior Years' Expenditures are monies recovered subsequent to the fiscal year in which the related expenditures were made. Except for the timing of the recoveries, they would have been classified as expenditure refunds.

The Ontario Development Corporation and the associated Eastern Ontario Development Corporation and Northern Ontario Development Corporation provide loans and arrange for provincial guarantees of bank loans to qualified enterprises. The Province has advanced funding for the Corporations' lending programs. The Province also defrays the Corporations' costs for all administrative expenses, loans made at low interest rates, and honouring guarantees, amounting to \$15,415,523 in 1987 (1986 \$15,379,297). Advances to the Corporations are reduced by their loan forgiveness and write offs, amounting to \$9 million in 1987 (1986 \$9 million).

The Ontario Mortgage Corporation advances of \$145,772,000 as at March 31, 1987 represent the appraised market value of mortgages.

Ontario Northland Transportation Commission operates a railroad and maintains communication services to and within the northern regions of the Province including trucking, airline, bus and marine services. The Province's total advance of \$35,207,935 is non-interest bearing. The Province provided subsidies of \$26,395,105 in calendar year 1986 (1985 \$23,866,045). After subsidies, the Commission recorded a net income of \$17,776,040 in calendar year 1986 (1985 \$18,298,994).

The Ontario Junior Farmer Establishment Loan Corporation was incorporated in 1952 for the purpose of making loans to assist young qualified farmers in the establishment, development and operation of their farms. This program was discontinued in February 1969. The rate of interest on advances by the Province was set by the Province's long-term borrowing cost. The Province is paying for the cost of administration and providing subsidies through legislative appropriations to cover annual operating deficits. The subsidies were \$543,213 for 1987 (1986 \$611,183).

The Ontario Municipal Improvement Corporation, incorporated in 1950, has as its object the purchase from municipalities in Ontario of debentures issued by them for municipal works and undertakings.

The Stadium Corporation of Ontario Limited is responsible for the construction of a domed stadium in Metropolitan Toronto. The Province has advanced \$4,766,250 to the Corporation to cover operating expenditures which is to be repaid once the stadium becomes operational.

An interest free advance was made by the Province in 1986 to the Grain Financial Protection Board under the Farm Products Payments Act. The advance was used to establish the Soybean Production Fund and the Grain Corn Producers Fund. The \$400,000 represents the outstanding balance of the loan.

INVESTMENTS IN WATER TREATMENT AND WASTE CONTROL FACILITIES

	1987	1986
	\$	\$
Investments in water treatment and waste control facilities	475,157,318	510,760,289

The Ministry of the Environment lets extensive contracts for the building of water and sewage systems to serve municipalities. These investments are being recovered over the life of the agreements with the municipalities.

Agreements covering \$406,638,060 of the investment are for provincially-owned projects which are subject to service rate billings. The proceeds from these billings are used to amortize the investment over periods of up to forty years, to pay for operating costs, and to provide a return on the investment.

Certain other agreements provide for the accumulation of the principal portion of annual amortization payments in a sinking fund. The accumulated balance in these funds amounting to \$36,151,828 at March 31, 1987 (1986 \$44,792,937) was applied as a reduction of the investment account. In previous years, the sinking fund liability was reported as a part of trust and special purpose accounts.

Loans for educational purposes are made up of debentures relating to school boards totalling \$232,151,195 and are now included with Loans to local governments.

The Tile Drainage Act authorizes the Treasurer of Ontario to purchase, acquire and hold debentures issued by municipalities for construction of drainage works. These debentures are payable within ten years of the issue of the debentures.

The Ontario Housing Action Program provides loans for regional and municipal public works to accelerate the supply of housing.

The amount owing by The Municipality of Metropolitan Toronto is the balance outstanding on debentures issued for subway construction purposes. Annual payments on principal are required over the period ending in 1995.

The objective of the Federal-Provincial Winter Capital Projects Fund was to stimulate growth in employment, particularly during the winters of 1974-75 and 1975-76.

The amount owing from sundry municipalities under the Municipal Works Assistance Act is the balance of loans made to municipalities for certain municipal projects. The loans are secured by debentures and are repayable over a twenty or thirty year period ending in 1998.

The objective of the Shoreline Property Assistance Act is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

The objective of the Federal-Provincial employment loans program was to stimulate growth in employment particularly during winter, by adding to or accelerating capital works projects.

Commercial Area Improvement loans were made to assist municipalities to upgrade older commercial districts by providing grants and loans for municipal services, parking, aesthetic and economic improvements.

Debentures for Public Libraries of \$4,264,000 in direct municipal obligations relate to library construction, which are now included with Loans to Local Governments.

A loan was given to the City of Cambridge under the Unconditional Grants Act for the development of municipal infrastructure to facilitate the building of a new car plant.

The objective of the Federal-Provincial special development loans program was to stimulate capital spending and related employment especially in municipalities where unemployment was high.

The Town of Kapuskasing debentures held by the Province of Ontario are repayable over a period of years with final maturity in 1994.

The debentures of The Moosonee Development Area Board were issued for various municipal projects and services.

As at March 31, 1987, the Ontario Land Corporation (OLC) was dissolved and its assets taken over by the Ontario Mortgage Corporation and the Province. The Province assumed a liability of \$32 million in debentures due to Canada Mortgage and Housing Corporation together with a debt retirement fund of \$35 million established by OLC. This retirement fund consisted of cash and marketable securities of \$15 million and \$20 million of mortgages. In addition, the Province assumed a further \$16 million in mortgage assets, together with a net amount due to the Province from OLC on liquidation of \$5 million.

Loans to public hospitals are Ministry of Health capital construction loans amounting to \$34,886,270 (1986 \$42,072,790).

The investment under the Sault Ste. Marie Bridge Act consists of bonds of the International Bridge Authority of Michigan and shares of the St. Mary's River Bridge Company.

The International Bridge Authority of Michigan bonds, with a par value of \$7,850,000 U.S., were acquired in 1960 at a cost of \$7,615,072. These bonds, due September 1, 2000, bear interest at the rate of 6% per annum but under the terms of the agreement interest is payable at maturity or only as funds are available from operations. The accumulated balance of interest remaining unpaid at March 31, 1987, was \$4,237,141.

The investment in the St. Mary's River Bridge Company is the cost of 137 shares purchased by the Province.

The Small Rural Industrial Minerals Program was established to protect and stabilize jobs and ensure competitiveness with foreign materials in the communities of Perth and Timmins.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of the Municipal and School Tax Credit Assistance Act.

The loan to Coopers and Lybrand for Player Receivership was made under the Loan and Trust Corporations Act.

Tile drainage loans are made directly to individuals in territories without municipal organization as authorized by the Tile Drainage Act and are secured by liens on the properties.

The Co-operative Loans Act authorizes the Lieutenant Governor in Council to make loans to any co-operative association to enable it to carry out its objects. The loans are secured by a first mortgage on the real property of the co-operative association and are repayable over a period of twenty years.

The balance under Provincial Student-Aid loans is the total of the principal owing on loans as at March 31, 1987. Loans to students under this program were discontinued in December 1964.

The accumulated balance in these funds amounting to \$36,151,828 at March 31, 1987 (1986 \$44,792,937) was applied as a reduction of the investment account.

Payroll deductions (net) represent employee payroll deductions for the month of March which have not yet been remitted to the appropriate payee.

The Pits and Quarries Control Act requires licenced operators of pits and quarries to make annual deposits with the Treasurer of Ontario. The deposits are held until the rehabilitation program of a pit or quarry is carried out in accordance with the requirements of the Act. Interest is credited to the deposit account on an annual basis.

The outstanding cheques account is maintained for Treasurer of Ontario and Ministry of Health cheques which have not been presented for payment.

The Personal Property Security Assurance Fund receives a portion of the fee paid to the registrar when a certificate is issued under the Personal Property Assurance Act. The Fund is maintained to compensate persons who may suffer loss or damage from provision of incorrect information in a certificate. Interest is credited to the Fund on an annual basis.

The Ontario Housing Corporation has placed on deposit with the Treasurer of Ontario working capital which is surplus to its immediate needs.

The Fund for Milk and Cream Producers was established in 1967 to guarantee payment to producers of milk and cream for their product. The Milk Commission of Ontario administers the Fund and collects an annual fee from the processors of milk and cream for credit to the Fund. Interest is credited to the Fund on a semi-annual basis.

The Terry Fox Research Fund was established in 1981 for the purpose of supporting cancer research. \$1,000,000 was deposited into an interest bearing special purpose trust account, from which withdrawals will be made in accord with an agreement signed between the Ontario Cancer Treatment and Research Foundation and the Minister of Health.

To honour the Honourable William G. Davis on his retirement, employees of the Ontario Government and its Crown agencies provided donations of \$1,000,000 toward the student award program named John. C. Polanyi Prizes.

Bequests and scholarships may be accepted from citizens and special interest groups under the Financial Administration Act. Depending on the purposes of the bequest or scholarship, various ministries may administer the account.

Queen Elizabeth II Ontario Scholarship Fund was established in 1959 as a \$500,000 fund to provide annual scholarships to outstanding students working towards completion of their Ph.D. at Ontario universities. Interest is credited to the account semi-annually.

Unclaimed debenture principal and interest on Province of Ontario debentures is held in a liability account until the recipient is located.

Security bond deposit accounts are maintained for bonding or security deposit situations which exist under several Province of Ontario Acts.

The remaining special purpose accounts represent funds deposited with the Treasurer of Ontario or held in trust for various purposes and special accounts which are available for expending in periods subsequent to the current fiscal year.

as at March 31, 1987

The Canada Pension Plan Investment Fund makes funds available to the Province from monthly Canada Pension Plan contributions in amounts approximately equal to collections from Ontario contributors. The Province issues non-marketable debentures to the Fund at interest rates based on the Government of Canada long-term Canadian public market borrowing cost.

The obligations with respect to the Municipal Works Assistance Act and the three Federal-Provincial loan programs are serial debentures payable to the Minister of Finance of Canada. They were issued under employment stimulation programs in previous years.

Teachers' Superannuation Commission, which administers a pension fund for Ontario teachers, invests excess revenues in non-marketable securities of the Province. The interest rate on these securities is based on rates for long-term Canadian public market debentures issued or guaranteed by the Province.

The Ontario Municipal Employees Retirement Fund, which is a pension fund for public servants employed by local governments, invested surplus funds in Province of Ontario non-marketable securities until 1978. The interest rate on these securities was based on rates for long-term Canadian public market debentures issued or guaranteed by the Province.

The Canada Mortgage and Housing Corporation has accepted serial debentures issued by the Province in return for financing a significant proportion of the construction cost of Provincially-owned waste control facilities. The interest rate is based on the rate for the Government of Canada long-term Canadian public market borrowing cost at the time that the Corporation agreed to participate in the project.

The Canada Mortgage and Housing Corporation (CMHC) Section 40 Debt represents the liability to CMHC assumed by the Treasury on the dissolution of Ontario Land Corporation.

Under the Treasury Bill financing program, non-interest bearing Treasury Bills, with 91 day maturity, are sold by tender on a regular basis.

The Province has borrowed \$1,119,000,000 for Ontario Hydro from the Canada Pension Plan. The proceeds of all such borrowings have been advanced to Ontario Hydro in exchange for bonds with the same terms and conditions as the securities of the Province.

The Province of Ontario has issued public market debentures denominated in Canadian dollars, United States dollars and Deutsche marks. Since 1958, all United States dollar denominated securities have been issued on behalf of Ontario Hydro.

MISCELLANEOUS STATEMENTS

PUBLIC SERVICE SUPERANNUATION FUND — Continued

Notes to Financial Statement
March 31, 1987

1. DESCRIPTION OF THE PLAN

The following brief description of the Public Service Superannuation pension plan (the Plan) is provided for general purposes only. For complete information, reference should be made to the Public Service Superannuation Act (the Act).

(a) General

The Plan is a contributory defined benefit pension plan of the Province of Ontario and is mandatory for persons who satisfy eligibility requirements provided in the Act. Under this Plan contributions are made by contributors, certain agencies, boards and commissions and the Province of Ontario.

(b) Funding Policy

Participants are required to contribute six per cent of salary, net of Canada Pension Plan contributions, to the Fund. These contributions are matched by the Province.

The Pension Benefits Act of Ontario requires that the Ontario Government, acting as the Plan sponsor, must ensure that the benefits determined under the Plan are adequately funded. The determination of the required funding is made on the basis of a triennial actuarial valuation.

(c) Superannuation Allowances

A superannuation allowance is available based on:

- a minimum of ten years of contributory service;
- the best five year or three year average salary depending on the credit date in the Fund; and
- two per cent of this average salary for each year of contributory service to a maximum of 35 years.

A "90 factor", achieved by a combination of age and contributory service, provides an unreduced superannuation allowance at any age. Both reduced and unreduced pensions are also available under other combinations of age and years of contributory service or under other circumstances as outlined in the Act. Integration with the Canada Pension Plan takes place at age 65 or upon receipt of a CPP disability allowance.

(d) Survivor Allowances

A survivor allowance equal to one half of the allowances mentioned above is available to a spouse or an eligible dependent child of a participant who has a minimum of ten years credit in the Fund. Participants may elect to increase the survivor allowance to a maximum of 75 per cent of the basic superannuation allowance by reducing the benefit received during their lifetime.

(e) Death Refunds

A death refund is payable to the estate of a participant or survivor where allowances have not been paid to the full extent of the individual's contributions plus interest.

(f) Withdrawal Refunds

Upon application and subject to the lock in provisions, withdrawal refunds, with interest on the contributions, are payable where a participant ceases to be employed in the public service.

(g) Income Taxes

The Public Service Superannuation Plan is a Registered Pension Plan as defined by the Income Tax Act.

(h) Supplementary Benefits

Supplementary benefits, as ordered by the Lieutenant Governor in Council, are paid to participants where allowances under the Act are below a prescribed amount. Additionally, participants who are not entitled to receive similar cost-of-living escalations under the Superannuation Adjustment Benefits Act receive similar cost-of-living escalations from the Fund. These supplementary benefit payments are recovered from the Consolidated Revenue Fund.

(i) Interest Revenue

All new money, being the excess of receipts over disbursements each fiscal year, earns a rate of interest which is fixed for 25 years and which is not less than the weighted average rate on long term securities issued or guaranteed by the Province of Ontario during that fiscal year. Funds maturing at the end of the 25 year term are also reinvested at the new money rate. For the 1987 fiscal year, this rate was 10.38%. The weighted average interest rate being earned on the 1986/87 Opening Balance was 11.31%.

4. FINANCIAL STATUS OF THE FUND

(a) Results of Actuarial Valuation

The adequacy of the assets available for benefits in the Fund is determined by a triennial actuarial valuation. The latest triennial actuarial valuation filed with the Pension Commission of Ontario was as at December 31, 1985.

This valuation revealed an actuarial gain of \$221.4 million since the last triennial actuarial valuation of the Fund. This actuarial gain has been used to eliminate both the initial unfunded liability of \$82.6 million and the unfunded liability of \$28.9 million which has arisen subsequent to 1965. At December 31, 1985 the Fund showed an actuarial surplus of \$109.9 million.

Based on the 1985 valuation report, the Province is no longer required to make unfunded liability payments into the Fund.

(b) Basis of Actuarial Valuation

The future assets and liabilities of the plan are determined by applying actuarial assumptions to predict the amount and timing of future benefits and refunds together with participant and matching contributions. Then, using assumed interest rates, these predicted payments and receipts are "present valued" as if they had all been paid or received on the valuation date, December 31, 1985. The rates used by the actuary for mortality, retirement and withdrawal were based on recent experiences among the participants of the Fund.

The assumed interest earnings rates and salary increase rates were as follows:

	New Money Interest Rate %	Fund Balance Interest Rate %	Salary Increase Rate %
1986	10.40	11.10	5.00
1987	9.00	10.90	5.50
1988	8.00	10.60	6.00
1989	7.00	10.20	7.00
1990	6.75	9.90	6.50
1991 and later	6.50-6.00	9.60-6.00	6.00-4.50

Post-retirement adjustment benefits for inflation are not considered in the actuary's valuation because such benefits are paid out of the Superannuation Adjustment Fund or the Consolidated Revenue Fund.

To the Public Service Superannuation Board,
to the Acting Chairman of the Management Board of Cabinet, and
to the Treasurer of Ontario.

I have examined the statement of changes in fund balance of the Public Service Superannuation Fund for the year ended March 31, 1987. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the financial position of the Fund as at March 31, 1987 and the results of its operations for the year then ended in accordance with the accounting policy described in Note 2 to the financial statement applied on a basis consistent with that of the preceding year.

SUPERANNUATION ADJUSTMENT FUND — Continued

Notes to Financial Statements

March 31, 1987

DESCRIPTION OF THE PLAN

The following brief description of the Superannuation Adjustment Fund (the Fund) is provided for general purposes only. For more complete information reference should be made to the Superannuation Adjustment Benefits Act (the Act) and the Regulations made under the Act.

(a) General

The Fund was established to provide superannuation adjustment benefits to persons in receipt of pensions payable out of pension plans designated by the Regulations. Designated plans are: the Public Service Superannuation Plan (PSSF); the Teachers' Superannuation Plan (TSF); the Retirement Pension Plan of the Ryerson Polytechnical Institute; and, the Caucus Employees Retirement Plan. Participation is mandatory for persons covered under the above pension plans.

(b) Funding Policy

Participants are required to contribute 1 per cent of salary to the Fund. These contributions are matched by the respective employers. The contribution rate is prescribed by the Chairman of the Management Board of Cabinet.

(c) Adjustment Benefits

An annual adjustment benefit is available from the Fund, to contributors, in the year after the participant first becomes entitled to a pension from the aforementioned pension plans. The amount of the benefit payable is the annual percentage increase of the Consumer Price Index for Canada to a maximum of 8 per cent of the pension payable to the participant. An increase of the Consumer Price Index above 8 per cent in any year is carried forward to subsequent years for application when the Consumer Price Index increase is less than 8 per cent.

For participants entitled to a deferred annuity, the annual adjustments described above are accumulated from the first year after employment ceases, and applied to the annuity commencing with the first annuity payment permitted by the applicable pension plan.

The annual adjustment benefit is available to the survivor and/or dependents of a participant who becomes entitled to a pension under the applicable pension plans. The amount of the benefit is based on the survivor pension received and is calculated as described above.

The employer pays similar annual adjustment benefits to superannuates who retired prior to the inception of the Fund and who did not contribute to the Fund.

(d) Return of Contributions

When a person ceases to be employed and no pension is or will become payable, or a recipient dies and no further pension benefits are payable to his beneficiary, contributions under this Act are paid out on the same basis, terms and conditions, as contributions are paid out under the pension plan to which he was a contributor.

(e) Interest Revenue

All new money, being the excess of receipts over disbursements each fiscal year, earns a rate of interest which is fixed for various periods and which is not less than the weighted average rate on long term securities issued or guaranteed by the Province of Ontario during that fiscal year. Funds maturing at the end of the fixed term are also reinvested at the new money rate. For the 1987 fiscal year the rates are as follows:

	P.S.S.F. %	T.S.F. %	Ryerson %
New Money	9.28	9.54	9.64
Average rate paid on 1986/87 Opening Balance	12.36	12.84	12.91

SIGNIFICANT ACCOUNTING POLICIES

The statements have been prepared on the cash basis accounting.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the respective pension plan sponsors.

TRANSFER OF THE CAUCUS ACCOUNT

Pursuant to the Public Service Superannuation Amendment Act, 1986, the Caucus Retirement Superannuation Adjustment Fund Account was transferred to the Public Service Superannuation Adjustment Fund Account on August 1, 1986. Schedule D includes those transactions occurring between April 1, 1986 and July 31, 1986.

MISCELLANEOUS STATEMENTS

PROVINCIAL JUDGES BENEFITS FUND — Continued

Notes to the Financial Statement
March 31, 1987

1. DESCRIPTION OF THE FUND

The Provincial Judges Benefits Fund (the Fund) was established by Regulation made under the Courts of Justice Act, effective July 1, 1984. This Regulation designated the Provincial Judges Benefits Board to administer the Fund. The following brief description of the fund is provided for general purposes only. For more complete information reference should be made to the Regulation to the Act.

(a) General

The purpose of the fund is to provide income continuity payments to retired Provincial Court Judges and Masters of the Supreme Court of Ontario or survivor allowances to the dependents of these Judges and Masters.

(b) Funding Policy

The annual funding required to maintain income continuity payments is borne entirely by the Province and is determined annually by actuaries.

Contributions by participants into the Fund are in respect of survivor allowances only. Participants are required to contribute 5.57 per cent of their salary either until their basic service requirement is met or until they reach 70 years of age. At the participant's option, this contribution may be apportioned either entirely to the Fund towards the cost of survivor allowances or one third to the Fund and two thirds to the Consolidated Revenue Fund, toward the cost of life insurance benefits provided. At present, the majority of participants have elected to apportion their contribution between the Fund and life insurance premiums.

(c) Income Continuity Payments

An income continuity payment is available based on the age and the number of years of full-time service for which the participant has credit upon ceasing to hold office. This payment is equal to a percentage of the salary of a full-time judge of the highest judicial rank held by the participant while in office. The participant is entitled to these payments during his lifetime.

(d) Disability Income Continuity Payments

A full income continuity payment is available at age 65 for participants with a minimum of five years of full-time service who are unable to serve in office due to injury or chronic sickness.

(e) Survivor Allowances

A survivor allowance equal to one half of an income continuity payment is paid to the spouse during the spouse's lifetime or to a child or children until the youngest child attains 18 years of age, or 25 years of age if the child is in full-time attendance at a place of higher education.

(f) Death Refunds

A death refund is payable to the estate or survivor of a participant where there is no entitlement to an income continuity payment or survivor allowance. The amount of the refund is equal to all contributions made into the Fund plus accrued interest, reduced by the amounts of survivor allowances paid out under the regulation.

(g) Withdrawal Refunds

Upon ceasing to hold office for a reason other than death before becoming entitled to an income continuity payment, the participant is entitled to a refund. The amount of the refund is equal to the contributions made into the Fund plus accrued interest.

(h) Fund Status

The Fund is not considered to be a pension plan as defined under the Pension Benefits Act. Accordingly, it is not subject to the reporting requirements under that Act. However, the Fund has the same status as a pension plan for income tax purposes.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

This statement has been prepared on the cash basis of accounting.

(b) Administrative Expenses

Administrative expenses are paid by the Ministry of Government Services.

3. REFUNDS TO PARTICIPANTS

According to the Regulation, any previous voluntary contributions made by the Fund participants to the Public Service Superannuation Fund may be refunded to them at their request. For judges who retired between October 1, 1979 and July 1, 1984 the refunds are to be reduced by the excess benefits paid out as a result of this voluntary contribution. Participants have until January 1, 1988 to request such refunds.

In addition, contributions previously made by the Fund participants to the Superannuation Adjustment Fund are refunded to them. Judges who retired between October 1, 1979 and July 1, 1984, were refunded contributions made to the Superannuation Adjustment Fund. Such refunds were reduced by the amount paid out during that time under the Superannuation Adjustment Benefits Act.

4. LIABILITY FOR FUTURE BENEFITS

The most recent actuarial valuation of the Fund, dated March 31, 1986, disclosed that the Province's share of the liability for income continuity payments and survivor allowances was \$40.3 million. The Province is contributing towards this liability in amounts recommended by the actuary.

MISCELLANEOUS STATEMENTS

MOTOR VEHICLE ACCIDENT CLAIMS FUND — Concluded

Notes to Financial Statement
March 31, 1987

1. BASIS OF ACCOUNTING

The Fund uses a cash basis of accounting which, for administration expenses, is modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended. In this regard, payments to employees are apportioned between the two years.

2. FUND OPERATIONS

The Fund was originally established to provide compensation to innocent victims of motor vehicle accidents caused by uninsured or hit-and-run motorists in Ontario. Uninsured motorists were required to pay an annual fee into the Fund. However, effective March 1, 1980, with the enactment of the Compulsory Insurance Act, all motorists are required to carry compulsory third party liability insurance including uninsured automobile coverage.

Settlement continues of the remaining claims which occurred prior to the introduction of compulsory automobile insurance. In addition, the Fund will continue in operation to pay those claims occurring after March 1, 1980 involving:

- pedestrians who are injured by an uninsured or hit-run vehicle where the pedestrian is not otherwise covered by an automobile insurance policy;
- for injury to uninsured passengers in an uninsured vehicle where the driver of the uninsured vehicle is at fault;
- to innocent parties where two uninsured vehicles are involved and;
- for damages to property not insured against vehicle impact (e.g. hydro and telephone poles, highway guardrails, etc.) providing both the owner and driver of the uninsured vehicle can be identified.

The Motor Vehicle Accident Claims Act was amended February 23, 1983 to allow the Fund to pay the claims of third party automobile plaintiffs who would not otherwise be able to collect all of their damages because of the insolvency of the defendant's insurance company. Compensation is subject to the provisions of the Act and its Regulations, up to the minimum third party limits of liability in force at the time of the accident. The driver's licence of the defendant policyholder and/or driver will not be subject to suspension nor will he be liable to repay the Fund for the subrogated rights, and have the same creditor standing as the plaintiff, with respect to the realizable assets of the insolvent insurer. To date two companies, the Pitts Insurance Company and the Cardinal Insurance Company have been classified as "designated insurers" under the Act.

3. ACCOUNTS RECEIVABLE

As of March 31, 1987 the records of the Fund listed total Accounts Receivable by reason of payment on behalf of uninsured defendants pursuant to Sections 4(5) and 5(6) of the Act in the amount of \$113.5 million. Of this amount, inactive accounts totalling approximately \$85.7 million are considered uncollectable.

4. OUTSTANDING CLAIMS

The estimated liability of the Fund with respect to claims received but not yet settled as of March 31, 1987 is \$7 million. It is anticipated that future revenue, together with the current Fund balance, will be sufficient to meet the Fund's obligations for the fiscal year ending March 31, 1988 without subsidization from the Consolidated Revenue Fund as provided under Section 2(6) of the Motor Vehicle Accident Claims Act.

This program provides for the delivery of programs to protect air quality, surface and groundwater quality and quantity, to manage the disposal of wastes, to ensure an adequate quality of drinking water, to regulate the use of pesticides, and to promote the consideration of the environment in the planning and development of undertakings. The program also provides coordination of designated critical issues and the orchestration of inter-governmental activities.

Compensation to victims of spills is provided through the Environmental Compensation Corporation. A Spills Action Centre provides 24-hour access for spill reporting and for coordinating spill investigations.

*Includes Special Warrant of \$13,190,000.

Program description:

This program responds to the housing needs of Ontario residents in co-operation with the private sector, other ministries, and other levels of government.

Activities encompass policies and programs covering all aspects of the housing market, including the direct delivery, maintenance, and administration of social housing for low- and modest-income families, senior citizens, and handicapped persons, to ensure access to appropriate and affordable shelter. Technical and administrative support is made available to local community groups to assist them in the development and management of social housing.

Activities in the private rental and ownership market focus on new supply, conservation and better utilization of existing stock, and homeowner assistance. This includes research and the development and implementation of policies and programs designed to improve housing conditions, allowing the market to operate more efficiently and thereby assure an adequate and affordable supply of rental housing.

*Includes Special Warrant of \$48,810,000.

Program description:

Provides the overall policy direction and the administrative support required by the Management Board. The program also provides for the estimated cost of anticipated salary and employee benefits awards for government employees.

*Includes Special Warrant of \$269,000.

**In the Estimates a provision was made for the cost of salary and employee benefits revisions which were likely to be approved in the 1986-87 fiscal year. It was not practicable, however, to distribute this estimate among the programs and activities of each ministry. Accordingly the gross projected salary and benefits costs appeared in the 'Contingencies' provision.

As revisions were approved and the actual costs were incurred they were not charged against the "Contingencies" activity but rather against the various votes and items to which they pertained. The "Contingencies" activity therefore shows no spending against the appropriation. To the extent that these expenditures exceeded printed Estimates appropriations, Management Board Orders totalling \$155,920,300 were approved. This amount is net of any underspending within each activity.

Program description:

The tax revenue aspects of this program are directed at maintaining the integrity of Ontario's self-assessing taxation systems which generate revenue flows to the Consolidated Revenue Fund. Compliance is encouraged through taxpayer information services, assistance, and deregulation while abuse and tax evasion are discouraged through audits and investigations. The tax statutes administered in the program are the Corporations Tax Act, the Income Tax Act, the Gasoline Tax Act, the Tobacco Tax Act, the Fuel Tax Act, the Succession Duty Act, the Land Transfer Tax Act, the Provincial Land Tax Act, the Retail Sales Tax Act, the Race Tracks Tax Act, and the Mining Tax Act.

Under the program, income supplements are delivered to senior citizens through the guaranteed income system and property tax grants and sales tax grants are paid to eligible pensioners. In addition, the development of small business is encouraged through grants to investors under the Small Business Development Corporations Act.

The program also delivers information services and other administrative aspects of the Ontario Tax Credit System which generates property tax and sales tax credits to low income tax filers under the age of 65 in order to relate these taxes and costs to the individual's ability to pay and provides political contribution tax credits to qualified tax filers in order to encourage participation in the political process.

*Includes Special Warrant of \$196,029,700.

Program description:

This program determines the valuation of all real property and prepares assessment rolls for purposes of taxation by local governments. Where assessment information has changed from the previous notification, assessment notices are issued to confirm to taxpayers the revised assessment values and the allocation of school support. The program provides an equitable basis of assessment for the distribution of provincial grants and subsidies to municipalities and school boards and the collection of Provincial Land Tax. In municipal election years, the program conducts a municipal enumeration to facilitate the production of preliminary voters' lists and municipal census data.

*Includes Special Warrant of \$11,064,800.

Program description:

The Province of Ontario Savings Office attracts savings from the public by operating twenty-one offices where deposits are received and held in individual accounts on which interest is paid and cheques may be drawn. Funds in excess of day-to-day requirements are deposited in the Consolidated Revenue Fund and provide an economical source of long-term borrowing for the Treasurer of Ontario.

This statutory appropriation provides operating funds for the twenty-one offices pending reimbursement by the Province of Ontario Savings Office.

A GUIDE TO PUBLIC ACCOUNTS

1. SCOPE OF THE PUBLIC ACCOUNTS

The 1986-87 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2 contains the financial statements of those provincial crown corporations, boards and commissions in which the Province has an investment or which have borrowed from the Province or from others with a guarantee by the Province. Also included are selected agencies and certain significant operational agencies which are funded in whole or in part by revenues generated from their operations.

Volume 3 contains the details of expenditures required by the Standing Public Accounts Committee.

2. A GUIDE TO VOLUME 2 OF THE PUBLIC ACCOUNTS

The financial statements of the selected crown corporations, boards and commissions are for fiscal periods ending within the Province's own fiscal period April 1, 1986 to March 31, 1987. They are presented in the same detail as the approved, audited financial statements and as nearly as possible in the same form. The statements have been presented alphabetically as shown in the Table of Contents. In addition, a listing is provided which groups the crown corporations, boards and commissions by ministerial responsibility.

The Accountant of the Supreme Court of Ontario

To the Accountant of the Supreme Court of Ontario and
to the Attorney General.

I have examined the balance sheet of the Accountant of the Supreme Court of Ontario as at March 31, 1987 and the statement of income and capital reserve account for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Accountant of the Supreme Court of Ontario as at March 31, 1987 and the results of operations for the year then ended in accordance with the accounting policies described in note 2 to the financial statements, applied on a basis consistent with that of the preceding year.

Toronto, Ontario,
June 24, 1987.

D.F. Archer, F.C.A.,
Provincial Auditor.

ACCOUNTANT OF THE SUPREME COURT OF ONTARIO

Notes to Financial Statements
March 31, 1987

1. GENERAL

The office of the Accountant of the Supreme Court of Ontario is the depository for all funds, mortgages and securities which are paid into the Supreme Court of Ontario. Such funds are received and disbursed or released pursuant to judgments and orders of the court, and in accordance with the Courts of Justice Act, 1984 and other relevant statutes.

2. SIGNIFICANT ACCOUNTING POLICIES

- (a) The Accountant uses a cash basis of accounting.
- (b) Fixed assets are recorded as expenditures when purchased.
- (c) Funds are invested in income producing securities. The securities are recorded at cost, with gains and losses on the sale of investments recognized in the capital reserve account on the first-in first-out basis.

3. SUITS AND MATTERS

These accounts, vested in the accountant, represent the undisbursed balances of funds paid into the Supreme Court of Ontario on behalf of minors and pursuant to judgments and orders under various statutes. Transactions in these accounts during the year were:

	1987 (\$000's)	1986 (\$000's)
Balance, beginning of year	211,273	206,631
Add:		
Funds paid in, including interest	77,737	68,449

Transfers to suitors' suspense	10	2,229
Balance, end of year	<u>225,332</u>	<u>211,273</u>

4. SUITORS' SUSPENSE

All sums that are not claimed within ten years from the time when they became payable out of court are transferred from the suits and matters accounts to a suitors' suspense account which does not bear interest. Transactions in this account during the year were:

	1987 (\$000's)	1986 (\$000's)
Balance, beginning of year	4,442	2,219
Add:		
Transfers from suits and matters	10	2,229
	<u>4,452</u>	<u>4,448</u>
Less:		
Disbursements	9	6
Balance, end of year	<u>4,443</u>	<u>4,442</u>

5. RESTATEMENT OF COMPARATIVE FIGURES

During 1987 the Accountant transferred several additional suits and matters accounts to suitors' suspense. Retro-active effect has been given to these transfers, including related interest, by adjusting 1986 comparative figures as follows:

	As previously reported	As restated
	(\$000's)	(\$000's)
Liabilities		
Suits and matters	214,209	211,273
Suitors' suspense	2,259	4,442

Expenditures		
Interest	18,913	18,695
Excess of income over expenditures	3,478	3,696
Capital Reserve		
Account, beginning of year	11,352	11,938
Capital Reserve		
Account, end of year	13,486	14,290

6. MORTGAGES AND SECURITIES IN TRUST

The Accountant also acts as custodian of mortgages in the amount of \$872,000 and miscellaneous securities and documents having a book value of \$582,000. These amounts are not reflected in the financial statements.

ALGONQUIN FORESTRY AUTHORITY

Notes to Financial Statements
March 31, 1987

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

The financial statements have been prepared in accordance with generally accepted accounting principles.

(b) Inventory

Inventory is stated at the lower of cost and net realizable value.

(c) Depreciation and amortization of fixed assets

Depreciation is provided for on the straight line method, generally using rates of 10 per cent per annum for furniture, fixtures, technical equipment, buildings and structures, 20 per cent per annum for data processing equipment and 33⅓ per cent per annum for automotive equipment. The cost of capital roads is amortized over the estimated number of operating seasons for which the roads are to be used, with a maximum amortization period of ten years.

(d) Deferred charge

Certain costs incurred in the development of a comprehensive forest management plan applicable to the period April 1, 1980 to March 31, 1990 were deferred and are being amortized on a straight line basis over 10 years.

2. FOREST MANAGEMENT UNDERTAKING

Effective April 1, 1983, the Authority undertook certain forest and land management activities formerly carried out by the Ministry of Natural Resources. Funding to conduct these activities is derived from operating reimbursements from the Ministry and from the retention of approximately 90 per cent of the stumpage fees normally remitted to the Ministry.

3. FIXED ASSETS

Fixed assets in service are stated at cost and consist of:

	1987		1986	
	Cost	Accumulated Depreciation and Amortization	Cost	Accumulated Depreciation and Amortization
	\$	\$	\$	\$
Furniture and fixtures	52,295	30,678	48,660	27,234

Forest management equipment	15,796	1,260	—	—
Forest management undertaking (note 4)	242,689	—	235,193	—
	<u>1,703,457</u>	<u>694,708</u>	<u>1,397,723</u>	<u>554,002</u>
Forest management undertaking grants (note 4)	(242,689)		(235,193)	
	<u>1,460,768</u>		<u>1,162,530</u>	
	<u>(694,708)</u>		<u>(554,002)</u>	
	<u>766,060</u>		<u>608,528</u>	

Some of the Authority's fixed assets are used to carry out activities of the Forest Management Undertaking (FMU). As a result, the FMU has been charged depreciation of \$7,715 (1986 - \$5,888) on such assets.

4. DEFERRED CREDIT

The Ministry of Natural Resources has contributed \$242,689 for capital expenditures relating to the Forest Management Undertaking all of which has been spent as at March 31, 1987.

ALGONQUIN FORESTRY AUTHORITY

Notes to Financial Statements — Concluded
March 31, 1987

5. COMMITMENTS

The Authority rents premises under two leases which expire on November 30, 1988 and February 28, 1989. The current annual rent excluding escalation costs, under these leases, is \$5,800 and \$25,300 respectively.

6. REMUNERATION OF APPOINTEES

Total remuneration of the board members of the Authority was \$13,110 during the 1987 fiscal year.

ALGONQUIN FORESTRY AUTHORITY

To the Members, Algonquin Forestry Authority, and
to the Minister of Natural Resources.

I have examined the balance sheet of the Algonquin Forestry Authority as at March 31, 1987 and the statements of operations, surplus, and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

THE CROP INSURANCE COMMISSION OF ONTARIO

Notes to Financial Statements
March 31, 1987

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

The Commission's financial statements are prepared using the accrual basis of accounting except for administrative expenses which are recorded on the cash basis, modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended.

(b) Provisions for payment of unsettled indemnities

At the end of a fiscal year, the Commission estimates outstanding indemnities. In the subsequent year, any difference between the estimated and the actual indemnities is reflected in the statement of surplus and not in the statement of revenue and expenditure as the Commission feels the difference should not be reflected in the current year's operating results.

(c) Premiums collected in advance

Premiums collected in advance represent premiums received for the insurance of various crops where the deadline for applying for insurance coverage occurs after March 31, 1987. This insurance may be cancelled by the insured prior to the deadline date and premiums refunded.

(d) Unearned premiums

Unearned premiums represent premiums received for winter wheat and fruit crops. The harvesting of these crops and the payment of indemnities occurs subsequent to March 31, 1987. However, the deadline date for applying for insurance coverage occurs prior to year end, and accordingly, the insurance cannot be cancelled and no premiums will be refunded.

2. ADMINISTRATIVE EXPENSES

Salaries, benefits and other administrative expenses of the Commission are absorbed by the Ministry of Agriculture and Food and are included in the statement of revenue and expenditure. Administrative expenses of the prior year have been disclosed to conform with the 1987 presentation.

3. REMUNERATION OF APPOINTEES

Total remuneration of the members of the Commission was \$5,509 during the 1987 fiscal year.

To the Ontario Development Corporation, Northern Ontario Development Corporation, Eastern Ontario Development Corporation, Innovation Ontario Corporation, and to the Minister of Industry, Trade and Technology.

I have examined the combined balance sheet of The Development Corporation Corporation consisting of Ontario Development Corporation, Northern Ontario Development Corporation, Eastern Ontario Development Corporation and Innovation Ontario Corporation as at March 31, 1987 and the combined statements of operations and retained earnings for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these combined financial statements present fairly the financial position of The Development Corporations as at March 31, 1987 and the results of their operations for the year then ended in accordance with the accounting policies described in note 1 to the combined financial statements applied on a basis consistent with that of the preceding year.

Notes to Combined Financial Statements
March 31, 1987

1. SIGNIFICANT ACCOUNTING POLICIES

(a) General

These combined financial statements include the accounts of Ontario Development Corporation, Northern Ontario Development Corporation, Eastern Ontario Development Corporation and Innovation Ontario Corporation.

The operations of wholly owned subsidiaries acquired by Ontario Development Corporation during the year from IDEA Corporation have not been consolidated because it is the intention of the Corporation to dispose of the investments held by each of these subsidiaries in an orderly manner. The investments in and advances to these wholly owned subsidiaries are accounted for using the equity method and are therefore recorded at an amount equal to the net book value of the subsidiaries.

THE DEVELOPMENT CORPORATIONS

Notes to Combined Financial Statements — Continued
March 31, 1987

1. SIGNIFICANT ACCOUNTING POLICIES — Continued

(b) Loans written off

The write off of loans receivable is recovered from the Province by corresponding reductions in advances from the Province. Consequently, no provision is made for doubtful loans not yet written off.

(c) Guaranteed loans paid

The honouring of guarantees is funded by the Province and therefore, no provision is made.

(d) Recoveries of loans written off and guarantees honoured

Any amounts recovered on loans previously written off and guarantees previously honoured are paid directly to the Province and are not reflected in the Statement of Operations.

(e) Revenue

Interest revenue is recognized as income using the accrual basis of accounting except in the case of agency loans where the receipt of interest is deferred for one year or more. For these loans, revenue is recognized as income on receipt.

(f) Deferred revenue

Interest accrued on loans for which repayment has been deferred (see note 1(e) above) is recorded as deferred revenue until such time as interest is actually received.

(g) Investments

Investments are recorded at cost. The cost of equity investments also includes any direct expenses, such as legal costs disbursed. Investments will be written down when there has been an other than temporary decline in the value of the investment. The amount of write-down, if any, is determined by management based upon their best estimates from the most current information available to them. Due to the nature of the investments, there is no quoted market value and the carrying value may not be equal to the realizable value.

(h) Research and development projects

A research and development project is charged to operations as funded unless it meets generally accepted accounting criteria for deferral and amortization. In the opinion of management the research and development projects funded to date have not met all of the criteria for deferral and amortization. Therefore, all projects have been expensed as incurred.

(i) Fixed assets

Equipment purchases are charged to expense in the year of acquisition, except for the Industrial Parks operations, for which all such amounts are capitalized. Depreciation of these fixed assets is provided for on a straight-line basis, using rates of from 5 to 20 per cent per annum for buildings and improvements, and 20 per cent per annum for equipment. Buildings acquired as a result of loan defaults by borrowers (see note 7) were capitalized and are depreciated on a straight-line basis at the rate of 5 per cent per annum.

(j) Administration expenses

These expenses are reflected on a cash basis which is modified to allow an additional 24 days to pay for goods and services pertaining to the fiscal period just ended.

2. LOANS RECEIVABLE

	1987 (\$000's)	1986 (\$000's) (as restated — note 15)
Term	199,428	215,595
Agency	87,163	75,238
	<u>286,591</u>	<u>290,833</u>

Agency loans represent loans approved and funded through programs of other provincial ministries and agencies, but the agreements are signed and managed on their behalf by the Development Corporations. Included in Agency loans is a loan of \$19.9 million, including accrued interest of \$4.9 million, to Canada Development Corporation and John Labatt Limited for the construction of research facilities for Allelix Inc. (note 5). The borrowers may transfer title of these facilities to the Ontario Development Corporation in lieu of the repayment of the principal and interest due on March 31, 1992.

THE DEVELOPMENT CORPORATIONS

Notes to Combined Financial Statements — Continued
March 31, 1987

3. INVESTMENTS

(a) Equity and debt investments

These investments represent equity and debt investments made during the year by Innovation Ontario Corporation in technology-based industries in Ontario. Innovation Ontario Corporation was incorporated by regulation under the Development Corporations Act on June 26, 1986 to stimulate and provide financial support and management assistance for start-ups in new technology-based industries in Ontario. The capital assistance provided by the Corporation is either through equity or debt investments, or through the funding of research and development projects and other activities related to the high technology field.

(b) Research and development projects

In return for funding research and development projects, the Innovation Ontario Corporation obtains the right to receive royalties from sales derived from the commercialization of any technology arising therefrom. For certain programs, the Corporation will receive either the right of first refusal to commercialize any technology produced or the rights to information relating to the technologies formally screened. No royalty income was earned during the year.

4. INVESTMENTS IN AND ADVANCES TO SUBSIDIARIES

On July 1, 1986, the Corporation acquired all the outstanding shares of seven companies previously wholly-owned by IDEA Corporation. The cost of these acquisitions was funded by the Province of Ontario as a capital contribution. The amount of the capital contribution was calculated as follows:

	Cash and rec. (\$000's)	Invest. (\$000's)	Liab. assumed (\$000's)	Net assets acquired (\$000's)
Idea Innovation Fund Inc.	9,528	9,365	(4,852)	14,041

Add: expenses paid on behalf of subsidiaries by the

Province	89
Less: cash refunded to the Province	<u>(11,800)</u>
Contributed capital from the Province	<u>31,477</u>

As of March 31, 1987, the Corporation filed notice to dissolve the latter four of these subsidiaries pursuant to the Ontario Business Corporation Act (1982). Immediately after the dissolution of these four subsidiaries their net assets were distributed to the Ontario Development Corporation.

The results of operations of subsidiaries since acquisition are summarized as follows:

	(000's)
Operating expenses of subsidiaries	876
Research and development project and other program expenditures funded by a subsidiary	520
Gain on sale of investment made by subsidiary	(546)
Interest and royalty income	<u>(12)</u>
Net losses reported by subsidiaries	<u>838</u>

The subsidiaries in operation at March 31, 1987, together with their net book values are as follows:

	Equity (\$000's)	Advances (\$000's)	Total (\$000's)
Idea Innovation Fund Inc.	(6,842)	21,253	14,411

5. OTHER INVESTMENT

The Ontario Development Corporation owns a 20 per cent equity interest in Allelix Inc., a joint venture with the Canada Development Corporation (50 per cent) and John Labatt Ltd. (30 per cent), which conducts pure and applied research in industrial and agricultural applications of biotechnology. As a condition of this investment each shareholder contributes towards the operating costs in the ratio of his investment. The Corporation's share to date was \$15.0 million (1986 — \$9.7 million).

The investment consists of 200 common shares, at cost — \$200 and 100,000 redeemable preference shares, at cost — \$1,000.

6. FIXED ASSETS

Fixed assets relate primarily to the Industrial Parks and are stated at acquisition cost, less accumulated depreciation as follows:

	1987		1986	
	Cost	Accumulated Depreciation	Net	Net
	(\$000's)	(\$000's)	(\$000's)	(\$000's)

THE DEVELOPMENT CORPORATIONS

Notes to Combined Financial Statements — Continued
March 31, 1987**10. APPLICATION PROCESSING FEE**

New Ventures program was established May 13, 1986 to provide newly established businesses with loan guarantees of up to \$15,000. Under this program individuals apply directly to participating lenders.

Ontario Development Corporation has agreed to pay to the lender a fee of \$35.00 for each application for a New Venture's loan assessed by the lender.

11. ADMINISTRATION

The cost of administration is borne by the Province through the Ministry of Industry, Trade and Technology. Details are as follows:

	1987 (\$000's)	1986 (\$000's)
Salaries and staff benefits	6,155	5,739
Transportation and communication	713	628
Services	1,433	491
Supplies and equipment	355	237
Total expenses reimbursed by the Province	8,656	7,095
Other expenses	7	59
	<u>8,663</u>	<u>7,154</u>

12. RECOVERIES FROM THE PROVINCE

The Province reimburses the Corporations for interest expense where the cost of funds exceeds interest charged on a loan, for administration expenses (note 11), for term loans written off, for guarantees honoured, for guarantee interest subsidies, for application processing fees and for grants.

13. CONTINGENT LIABILITIES

- (a) As at March 31, 1987 contingent liabilities arising from guarantees of bank loans and other guarantees amounted to \$93.2 million (1986 — \$102.6 million).
- (b) A legal action claiming damages of \$4.5 million plus interest has been instituted against the Corporations and others by a former shareholder of Minaki Lodge Resort Ltd. and Minaki Development Company Limited. Legal counsel of the Corporations is of the opinion that the claim is without merit.

14. COMMITMENTS

Loans committed but not disbursed as at March 31, 1987 amounted to \$86.4 million (1986 — \$73.3 million).

15. CORRECTION OF PRIOR PERIOD ERRORS

The comparative figures have been restated to adjust for errors in the determination of interest revenue. Of these errors, \$1.116 million relates to the 1985/86 fiscal year and \$42,000 relates to prior years. Accordingly, 1986 figures for interest revenue and net income for the year have been increased by \$1.116 million. Loans receivable, deferred revenue and retained earnings have been increased by \$1.181 million, \$107,000 and \$1.032 million respectively as at March 31, 1986.

16. COMPARATIVE FIGURES

Certain of the 1986 figures have been reclassified to conform with the 1987 combined financial statement presentation.

17. OTHER ACTIVITIES ADMINISTERED ON BEHALF OF THE PROVINCE

Not reflected in the financial statements are certain loans, repayable grants and investments that are either signed by other Ministries or are transfer payments received from the Province which have been disbursed as conditional loans. Details are as follows:

Chairman

Director

To the Ontario Development Corporation and
to the Minister of Industry, Trade and Technology.

I have examined the balance sheet of the Ontario Development Corporation as at March 31, 1987 and the statements of operations and retained earnings for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations for the year then ended in accordance with the accounting policies described in note 1 to the financial statements applied on a basis consistent with that of the preceding year.

ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements

March 31, 1987

SIGNIFICANT ACCOUNTING POLICIES

(a) Loans receivable

Loans are disbursed by the Ontario Development Corporation, Northern Ontario Development Corporation and Eastern Ontario Development Corporation under the Development Corporations Act.

Under the Act, the Corporations are authorized to act as agents for the Province in respect of programs, projects or other matters undertaken for the advancement of industrial or economic development.

In accordance with the Act, all loan agreements have been drawn up between the borrowers and the Ontario Development Corporation. For financial statement purposes, the loans are shown as receivable from borrowers by each of the disbursing Corporations.

(b) Loans written off

The write off of loans receivable is recovered from the Province by corresponding reductions in advances from the Province. Consequently, no provision is made for doubtful loans not yet written off.

(c) Guaranteed loans paid

The honouring of guarantees is funded by the Province and therefore, no provision is made.

(d) Recoveries of loans written off and guarantees honoured

Any amounts recovered on loans previously written off and on guarantees previously honoured are paid directly to the Province and are not reflected in the Statement of Operations.

(e) Revenue

Interest revenue is recognized as income using the accrual basis of accounting except in the case of agency loans where the receipt of interest is deferred for one year or more. For these loans, revenue is recognized as income on receipt.

(f) Deferred revenue

Interest accrued on loans for which repayment has been deferred (see note 1(e) above) is recorded as deferred revenue until such time as interest is actually received.

(g) Fixed assets

Equipment purchases are charged to expense in the year of acquisition, except for the Industrial Parks operations, for which all such amounts are capitalized. Depreciation of these fixed assets is provided for on a straight-line basis, using rates of from 5 to 20 per cent per annum for building and improvements, and 20 per cent per annum for equipment.

(h) Administration expenses

These expenses are reflected on a cash basis which is modified to allow an additional 24 days to pay for goods and services pertaining to the fiscal period just ended.

(i) Investments in and advances to subsidiaries

Subsidiaries have not been consolidated because it is the Corporation's intention to dispose of the investments held by each of them in an orderly manner. The investments in and advances to wholly owned subsidiaries are accounted for using the equity method and are therefore recorded at an amount equal to the net book value of the subsidiaries.

LOANS RECEIVABLE

	1987 (\$000's)	1986 (\$000's) (as restated — note 12)
Term	103,882	111,705
Agency	80,338	70,118
	<u>184,220</u>	<u>181,823</u>

Agency loans represent loans approved and funded through programs of other provincial ministries and agencies, but the agreements are signed and administered on their behalf by the Corporation. Included in Agency loans is a loan of \$19.9 million, including accrued interest of \$4.9 million, to Canada Development Corporation and John Labatt Limited for the construction of research facilities for Allelix Inc. (note 4). The borrowers may transfer title of these facilities to the Corporation in lieu of the repayment of the principal and interest due on March 31, 1992.

3. INVESTMENTS IN AND ADVANCES TO SUBSIDIARIES

On July 1, 1986, the Corporation acquired all the outstanding shares of seven companies previously wholly-owned by Idea Corporation. The cost of these acquisitions was funded by the Province of Ontario as a capital contribution. The amount of the capital contribution was calculated as follows:

	Cash and rec. (\$000's)	Invest. (\$000's)	Liab. assumed (\$000's)	Net assets acquired (\$000's)
Idea Innovation Fund Inc.	9,528	9,365	(4,852)	14,04
Idea Research Investment Fund Inc.	1,120	4,864	(8,866)	(2,88
Idea Information Technology Fund Inc.	1,699	3,357	(2)	5,05
Idea Microelectronics Technology Fund Inc.	4,998	—	(2)	4,99
Idea Chemical & Process Technology Fund Inc.	11,123	—	(2)	11,12
Idea Machine & Automation Technology Fund Inc.	7,331	—	(1,506)	5,82
Idea Biological & Medical Technology Fund Inc.	5,035	—	(2)	5,03
	<u>40,834</u>	<u>17,586</u>	<u>(15,232)</u>	<u>43,18</u>
Add: expenses paid on behalf of subsidiaries by the Province				8
Less: cash refunded to the Province				(11,80
Contributed capital from the Province				<u>31,47</u>

As of March 31, 1987, the Corporation filed notice to dissolve the latter four of these subsidiaries pursuant to the Ontario Business Corporation Act (1982). Immediately after the dissolution of these four subsidiaries their net assets were distributed to the Corporation.

The results of operations of subsidiaries since acquisition are summarized as follows:

	(000's)
Operating expenses of subsidiaries	87
Research and development project and other program expenditures funded by a subsidiary	52
Gain on sale of investment made by subsidiary	(54
Interest and royalty income	(1
Net losses reported by subsidiaries	<u>83</u>

The subsidiaries in operation at March 31, 1987, together with their net book values are as follows:

	Equity (\$000's)	Advances (\$000's)	Total (\$000's)
Idea Innovation Fund Inc.	(6,842)	21,253	14,41
Idea Research Investment Fund Inc.	(5,288)	16,460	11,17
Idea Information Technology Fund Inc.	5,019	37	5,05
	<u>(7,111)</u>	<u>37,750</u>	<u>30,63</u>

4. OTHER INVESTMENT

The Corporation owns a 20 per cent equity interest in Allelix Inc., a joint venture with the Canada Development Corporation (50 per cent) and John Labatt Ltd. (30 per cent), which conducts pure and applied research in industrial and agricultural applications of biotechnology. As a condition of this investment each shareholder contribute towards the operating costs in the ratio of his investment. The Corporation's share to date was \$15.0 million (1986 — \$9.7 million).

The investment consists of 200 common shares, at cost — \$200 and 100,000 redeemable preference shares, at cost — \$1,000.

ONTARIO DEVELOPMENT CORPORATION

Net income	<u>1,885</u>	<u>1,403</u>

APPLICATION PROCESSING FEE

New Ventures program was established May 13, 1986 to provide newly established businesses with loan guarantees of up to \$15,000. Under this program individuals apply directly to participating lenders.

The Corporation has agreed to pay to the lender a fee of \$35 for each application for a New Venture's loan assessed by the lender.

ADMINISTRATION

The cost of administration is borne by the Province through the Ministry of Industry, Trade and Technology. Details are as follows:

	1987	1986
	(\$000's)	(\$000's)
Salaries and staff benefits	4,787	4,705
Transportation and communication	369	328
Services	1,160	410
Supplies and equipment	308	220
Total expenses reimbursed by the Province	<u>6,624</u>	<u>5,663</u>

RECOVERIES FROM THE PROVINCE

The Province reimburses the Corporation for interest expense where the cost of funds exceeds interest charged on a loan, for administration expenses (note 8), for term loans written off, for guarantees honoured, for guarantee interest subsidies, for application processing fees and for grants.

CONTINGENT LIABILITIES

- As at March 31, 1987 contingent liabilities arising from guarantees of bank loans and other guarantees amounted to \$57.5 million (1986 — \$63.2 million).
- A legal action claiming damages of \$4.5 million, plus interest, has been instituted against the Corporation and others by a former shareholder of Minaki Lodge Resort Ltd. and Minaki Development Company Limited. Legal counsel of the Corporation is of the opinion that the claim is without merit.

COMMITMENTS

Loans committed but not disbursed as at March 31, 1987 amounted to \$62.1 million (1986 — \$57 million).

ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements — Concluded
March 31, 1987

12. CORRECTION OF PRIOR PERIOD ERROR

The comparative figures have been restated to include interest income of \$1.18 million not reflected in the 1986 statement of operations. Accordingly, previously reported figures for loans receivable, interest revenue, net income for the year and retained earnings have all been increased by this amount.

13. COMPARATIVE FIGURES

Certain of the 1986 figures have been reclassified to conform with the 1987 financial statement presentation.

14. OTHER ACTIVITIES ADMINISTERED ON BEHALF OF THE PROVINCE

Not reflected in the financial statements are certain loans, repayable grants and investments that are either signed by other Ministries or are transfer payments received from the Province which have been disbursed as conditional loans. Details are as follows:

	1987 (\$000's)	1986 (\$000's)

Amounts outstanding, end of year	<u>85,500</u>	<u>34,108</u>

Also \$40 million was held in trust at year end and disbursed as a forgivable loan subsequent to March 31, 1987.

Investments

In 1982, the Province of Ontario paid \$75 million in exchange for preferred shares of Massey Ferguson Ltd. On May 29, 1986 the Corporation, acting as agent for the Province of Ontario, entered into agreements as part of a restructuring of Massey Ferguson Ltd. and acquired the following equity interests in exchange for these preferred shares:

Massey Combines Corporation — 2.25 million preferred shares (no quoted market value)

Varsity Corporation (formerly Massey Ferguson Ltd.) —

750,000 Class II, Series A preferred shares (no quoted market value)

Varsity Corporation — 2.7 million common shares

(market value at March 31, 1987 — \$2.85/share)

Varsity Corporation — 4.8 million warrants

(market value at March 31, 1987 — 69¢/warrant)

15. SUBSEQUENT EVENTS

On June 18, 1987, the Corporation, acting as agent for the Ministry of Financial Institutions, entered into a Guarantee agreement, whereby it guarantees principal and interest of loans made to and evidenced by promissory notes of the Ontario Share and Deposit Insurance Corporation (OSDIC) in the aggregate amount of up to \$7 million. Loans may be made to OSDIC by lenders including credit unions and caisses populaires governed by the Credit Union and Caisses Populaires Act (Ontario), and such other persons as may be designated by OSDIC and approved by Ontario Development Corporation.

NORTHERN ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements
March 31, 1987

SIGNIFICANT ACCOUNTING POLICIES

(a) Loans receivable

Loans are disbursed by the Ontario Development Corporation, Northern Ontario Development Corporation and Eastern Ontario Development Corporation under the Development Corporations Act.

Under the Act, the Corporations are authorized to act as agents for the Province in respect of programs, projects or other matters undertaken for the advancement of industrial or economic development.

In accordance with the Act, all loan agreements have been drawn up between the borrowers and the Ontario Development Corporation. For financial statement purposes, the loans are shown as receivable from borrowers by each of the disbursing Corporations.

(b) Loans written off

The write off of loans receivable is recovered from the Province by corresponding reductions in advances from the Province. Consequently, no provision is made for doubtful loans not yet written off.

(c) Guaranteed loans paid

The honouring of guarantees is funded by the Province and therefore, no provision is made.

(d) Recoveries of loans written off and guarantees honoured

Any amounts recovered on loans previously written off and on guarantees previously honoured are paid directly to the Province and are not reflected in the Statement of Operations.

(e) Revenue

Interest revenue is recognized as income using the accrual basis of accounting except in the case of agency loans where the receipt of interest is deferred for one year or more. For these loans, revenue is recognized as income on receipt.

(f) Deferred revenue

Interest accrued on loans for which repayment has been deferred (see note 1(e) above) is recorded as deferred revenue until such time as interest is actually received.

(g) Fixed assets

Equipment purchases are charged to expense in the year of acquisition. Buildings acquired as a result of loan defaults by borrowers (see note 3) are capitalized and are depreciated on a straight-line basis at the rate of 5 per cent per annum.

(h) Administration expenses

These expenses are reflected on a cash basis which is modified to allow an additional 24 days to pay for goods and services pertaining to the fiscal period just ended.

3. OTHER ASSETS

Other assets consist of the following assets obtained as a result of loan defaults by borrowers:

	1987 (\$000's)	1986 (\$000's)
Investment in shares, at cost	250	301
Land and buildings, at 1977 appraised value plus subsequent additions at cost, less accumulated depreciation of \$63,000 (1986 — \$56,000)	68	75
Net investment in lease	321	335
	<u>639</u>	<u>711</u>

4. ADMINISTRATION

The cost of administration is borne by the Province through the Ministry of Industry, Trade and Technology. Details are as follows:

	1987 (\$000's)	1986 (\$000's)
Salaries and staff benefits	585	610
Transportation and communication	191	199

Total expenses reimbursed by the Province	<u>847</u>	<u>878</u>
Other expenses	<u>7</u>	<u>59</u>
	<u>854</u>	<u>937</u>

5. RECOVERIES FROM THE PROVINCE

The Province reimburses the Corporation for interest expense where the cost of funds exceeds interest charged on a loan, for administration expenses (note 4), for term loans written off, for guarantees honoured and for guarantee interest subsidies.

6. CONTINGENT LIABILITIES

- (a) As at March 31, 1987 contingent liabilities arising from guarantees of bank loans and other guarantees amounted to \$18.2 million (1986 — \$19 million).
- (b) A legal action claiming damages of \$4.5 million plus interest has been instituted against the Corporation and others by a former shareholder of Minaki Lodge Resort Ltd. and Minaki Development Company Limited. Legal counsel of the Corporation is of the opinion that the claim is without merit.

7. COMMITMENTS

Loans committed but not disbursed as at March 31, 1987 amounted to \$13.5 million (1986 — \$8 million).

Chairman

Director

To the Innovation Ontario Corporation and
to the Minister of Industry, Trade and Technology.

I have examined the balance sheet of Innovation Ontario Corporation as at March 31, 1987 and the statements of operations and deficit for the nine month period then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations for the nine month period then ended in accordance with the accounting policies described in note 2 to the financial statements.

Notes to Financial Statements
March 31, 1987

1. OPERATIONS OF THE CORPORATION

Innovation Ontario Corporation was incorporated by regulation under the Development Corporations Act on June 26, 1986. The Corporation was created to stimulate and provide financial support and management assistance for start-ups in new technology-based industries in Ontario. The capital assistance provided by the Corporation is either through equity or debt investments, or through the funding of research and development projects and other activities related to the high technology field.

On June 30, 1986, the Corporation assumed responsibility for the administration of the Commercial Development Officer Program and Seed Financing Fund Program which are funded by IDEA Research Investment Fund Inc., (IDEA RIF), a wholly-owned subsidiary of the Ontario Development Corporation. These programs assist universities and individuals in

- i) the potential commercialization of commercially significant technology by funding the employment of a professional staff member dedicated to the identification of these technologies.
- ii) early commercial investigations of their research projects.

Any royalty income received from projects funded under these programs will be retained by IDEA RIF. These programs are currently under review to determine their future beyond the current commitment levels.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investments

Investments are recorded at cost. The cost of equity investments also includes any direct expenses, such as legal costs disbursed. Investments will be written down when there has been an other than temporary decline in the value of the investment. The amount of write-down, if any, is determined by management based upon their best estimates from the most current information available to them. Due to the nature of the investments, there is no quoted market value and the carrying value may not be equal to the realizable value.

(b) Research and development projects

A research and development project is charged to operations as funded unless it meets generally accepted accounting criteria for deferral and amortization. In the opinion of management, the research and development projects funded to date have not met all the criteria for deferral and amortization. Therefore, all projects have been expensed as incurred.

(c) Administration expenses

These expenses are reflected on a cash basis which is modified to allow an additional 24 days to pay for goods and services pertaining to the fiscal period just ended.

3. INVESTMENTS

	(\$000's)
Debt	20
Equity	350
	<u>370</u>

The Corporation has entered into agreements, with other investee shareholders, which specify the rights and conditions of each shareholder regarding the disposition of their shares. The debt investment was converted to equity in May, 1987.

INNOVATION ONTARIO CORPORATION

Notes to Financial Statements — Concluded
March 31, 1987

4. RESEARCH AND DEVELOPMENT PROJECTS

In return for funding research and development projects, the Corporation obtains the rights to receive royalties from sales derived from the commercialization of any technology arising therefrom. For certain projects, the Corporation will receive either the right of first refusal to commercialize any technology produced or the right to information relating to the technologies formally screened. No royalty income was earned during the year.

5. CONTRIBUTED CAPITAL

Investment funds are paid out of monies provided by the Province of Ontario.

6. COMMITMENTS

Funds committed but not disbursed as at March 31, 1987 amounted to \$208,000, which is comprised of \$175,000 for investments and \$33,000 for research and development projects.

7. ADMINISTRATION

The cost of administration is borne by the Province through the Ministry of Industry, Trade and Technology. Details are as follows:

1. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Commission uses a cash basis of accounting except for the following modifications:

- (i) For administrative expenses, an additional thirty days is allowed to pay for goods and services pertaining to the fiscal year just ended.
- (ii) For government subsidies an additional thirty days is allowed for the receipt of subsidies pertaining to the fiscal year just ended.

2. ADMINISTRATIVE EXPENSES

Salaries, benefits and other administrative expenses of the Commission are absorbed by the Ministry of Agriculture and Food and are included in the statement of receipts and disbursements. Administrative expenses of the prior year have been disclosed to conform with the 1987 presentation.

3. FARM INCOME STABILIZATION PLANS

Farm income stabilization plans are established by regulations under the Farm Income Stabilization Act. These voluntary plans are designed to stabilize the income of Ontario farmers in periods of low market prices. Federal stabilization support payments are made for the difference between the current market price and 90 per cent of the five-year average market price as adjusted for changes in cash costs of production. On the same basis, provincial plans support prices between 90 and 95 per cent of the five year average price.

Fees are normally collected in advance and are set at a level sufficient to cover approximately one-third of the stabilization support payments in accordance with the provisions of section 6(3) of the Farm Income Stabilization Act. The Province of Ontario provides the other two-thirds.

Stabilization payments are made from the Province's subsidies and the farmers' enrollment fees, with the split being two-thirds and one-third respectively. In the current fiscal year, rather than paying out the farmers' one-third share and requesting payment for the following year's enrollment fees, the Commission retained the farmers' share and applied it against next year's grain plan enrollment fees.

Voluntary stabilization plans exist for the following commodities: grains (corn, soybeans, white beans, winter wheat, barley, oats, canola), fresh market potatoes, and apples.

4. REMUNERATION OF APPOINTEES

Total remuneration of the members of the Commission was \$1,700 during the 1987 fiscal year.

5. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform with 1987 presentation.

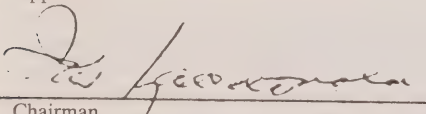

IDEA CORPORATION

Notes to Financial Statements
June 30, 1986

1. TERMINATION OF OPERATIONS AND BASIS OF PRESENTATION

Pursuant to Regulation 203/86 made under the IDEA Corporation Act, 1981, the affairs of the Corporation were terminated as of June 30, 1986. Effective July 1, 1986, all assets, rights, obligations, liabilities and management responsibilities were transferred to various ministries and agencies of the Province of Ontario, principally the Ontario Development Corporation.

Because of the termination of the affairs of the Corporation, the assets, liabilities, income and losses of its seven wholly-owned subsidiaries will no longer accrue to the Corporation but rather to the Ontario Development Corporation. Accordingly, these financial statements have not been prepared on a consolidated basis as in prior years. Comparative figures have been restated to conform with the basis of presentation adopted for the current year.

2. SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with generally accepted accounting principles and reflect the following significant accounting policies:

(a) Investments in and advances to subsidiaries

The investments in and advances to wholly-owned subsidiaries are accounted for using the equity method and are therefore recorded at an amount equal to the net book value of the subsidiaries. Consequently, the carrying amount reflects the results of their operations from their dates of incorporation.

(b) Depreciation

Depreciation was provided for the 15 month period on the diminishing balance method at rates of 20 per cent for office furniture and fixtures and computer equipment, and 30 per cent for office equipment. Leasehold improvements were amortized on a straight-line basis over the term of the lease.

(c) Operating subsidies

Operating subsidies from the Province of Ontario in excess of operating losses for the period, excluding management fee revenues, represent a liability to the Province of Ontario.

(d) Income taxes

The Corporation as a Provincial Crown Corporation was not subject to income tax.

IDEA CORPORATION

3. INVESTMENTS IN AND ADVANCES TO SUBSIDIARIES

The net book values of subsidiaries at June 30, 1986 are as follows:

	Investment \$	Advances \$	Total \$
IDEA Biological and Medical Technology Fund Inc.	5,021,146	11,816	5,032,962
IDEA Chemical and Process Technology Fund Inc.	11,105,997	15,236	11,121,233
IDEA Microelectronics Technology Fund Inc.	4,984,282	11,817	4,996,099

	<u>20,583,715</u>	<u>22,604,449</u>	<u>43,188,164</u>

The cost of the investments and advances exceeded these net book values by \$19,414,909. This difference resulted from the following:

	Fifteen month period ended June 30, 1986	1985 and Prior	Total
Loss on investments held by subsidiaries	12,929,189	1,329,842	14,259,031

Net losses reported by subsidiaries	<u>16,736,368</u>	<u>2,678,541</u>	<u>19,414,909</u>

4. FIXED ASSETS

Subsequent to June 30, 1986, fixed assets were transferred to various ministries and agencies of the Province of Ontario for nil proceeds. As a result, the remaining net book value of fixed assets was written off.

Details of the assets written off and assumed by the Province are as follows:

	Cost \$	Accumulated Depreciation/ Amortization \$	Net \$
Furniture and fixtures	285,678	134,758	150,920

CONTRIBUTED CAPITAL FROM THE PROVINCE OF ONTARIO

Operating and investment funds were paid out of moneys appropriated therefor by the Ontario Legislature. The Province of Ontario had committed funds of \$107 million to be disbursed over the five year period ended March 31, 1987. Actual funds contributed to June 30, 1986 totalled \$73.4 million.

MANAGEMENT FEES

Overhead expenses in administering the affairs of subsidiaries were incurred by the Corporation and charged to the subsidiaries as a percentage of their committed funds.

LEASE OBLIGATIONS

The Corporation was committed to payments under operating leases for approximately \$5,100,000. The Ministry of Government Services assumed the lease obligations effective July 1, 1986.

AUDITORS' REPORT

To the Board of Directors of the Ontario Centre for Advanced Manufacturing and the Honourable Minister of Industry, Trade and Technology of the Province of Ontario

We have examined the financial position of the Ontario Centre for Advanced Manufacturing as at March 31, 1987 and the statements of operations, reserve for capital assets and changes in financial resources for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the corporation as at March 31, 1987 and the results of its operations and the changes in its financial resources for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Explanatory Financial Notes
year ended March 31, 1987

1. SIGNIFICANT ACCOUNTING POLICIES

This summary of the major accounting policies of the corporation is presented in order to assist the reader in evaluating the financial statements contained herein. These policies have been followed in all material respects for the periods covered:

(A) Interest Income

Interest income earned on cash on deposit is recorded on the accrual basis whereby income earned but not received at March 31 is recorded in these financial statements.

This interest income is applied to reduce the annual operating expense allocation from the Province of Ontario during the year.

(B) Investment in Fixed Assets

The acquisition costs of major additions and improvements are capitalized and expenditures for maintenance and repairs which do not improve or extend the useful life of the respective assets are charged to income.

At the time of disposal or retirement of fixed assets, the cost of the asset and related accumulated depreciation are removed from the accounts and the resulting gain or loss is reflected in the 'depreciation expense' in the statement of operations.

Equipment and furniture and fixtures are depreciated by the straight-line method at rates calculated to amortize the cost of the assets, less salvage value, over their estimated useful lives. Leasehold improvements are amortized by the straight-line method over the terms of the respective leases.

(C) Recognition of Income

Income and expenditures are recognized and recorded in these financial statements utilizing the accrual method whereby income is recorded when earned and expenditures are recorded when incurred. Revenue received which is unearned is shown as deferred revenue in the statement of financial position.

ONTARIO CENTRE FOR ADVANCED MANUFACTURING

Explanatory Financial Notes — Continued
year ended March 31, 1987

SIGNIFICANT ACCOUNTING POLICIES — Concluded

(D) Contributions from the Province of Ontario

The centre receives funds quarterly in advance for operating and capital purposes from the Province of Ontario.

The operating funds offset current net operating expenditures and accordingly are presented in the statement of operations. The capital funds which relate to the acquisition, net of capital disposals, of high technology equipment and other capital items are presented in the statement of reserve for capital assets and recognized as income as the depreciation on the related assets are charged against operations.

(E) Contributions from the Government of Canada

During fiscal 1985, the corporation entered into an agreement with the Department of Regional and Industrial Expansion (DRIE) of the Federal Government to jointly fund along with the Province of Ontario the corporation's new centre located in Windsor, Ontario.

Operating funds relating to operating expenditures are treated as a service contract and are presented in 'Consulting revenue' in the Statement of Operations. Capital funds are included in the Statement of Reserve for capital assets.

(F) Work in Process

Inventory of work in process represents consultants' time and other project costs on client projects at estimated net realizable value.

(G) Pension Plan

Employees become members of the Corporation's pension plan after completing one year of continuous service at which time employer contributions are made retroactive to date of commencement of employment.

The Centre accrues pension costs for employees from the date of their employment regardless of whether or not they have vested with the employee at the year end.

2. BASIS OF OPERATIONS

Effective November 17, 1982, the Ontario Centre for Advanced Manufacturing was established as a Schedule II Crown Agency without share capital by an Act of the Ontario Legislature. The approved operating period was originally designated for the five years ended November 15, 1987. During fiscal 1987 the operating period was extended by the minister to December, 1988.

The objective of the corporation is to accelerate the utilization of advanced manufacturing technology through programs promoting both awareness and applications and to encourage the growth of supportive advanced manufacturing industries in order to improve the productivity and competitiveness of Ontario industry and commerce.

In order to accomplish these objectives the corporation has established three operating centres. The Robotics and CAD/CAM Centres were opened in fiscal 1983 and the Windsor Centre was opened in fiscal 1985.

3. COMMITMENTS

The corporation has entered into net-net lease arrangements for its four operating locations in Peterborough, Cambridge, Rexdale and Windsor which require an annualized lease payment of approximately \$234,000 (1987 and 1986).

The corporation has options to renew these facility leases at negotiated terms and rates.

AUDITORS' REPORT

To The Ontario Centre for Automotive Parts Technology
and the Ministry of Industry and Trade of the Province of Ontario.

We have examined the balance sheet of the Ontario Centre for Automotive Parts Technology as at March 31, 1987 and reserve for capital assets and the statement of operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Centre as at March 31, 1987 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

STATEMENT 4

Notes to Financial Statements
for the year ended March 31, 1987

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following summary of significant accounting policies of the Centre is presented in order to assist the reader in understanding the financial statements.

i) General

The Centre follows generally accepted accounting principles in the preparation of its financial statements which were applied on a basis consistent with the preceding year.

ii) Amortization and Depreciation of Fixed Assets

Leasehold Improvements

The cost of the leasehold improvements is being amortized on a straight line basis over 5 years.

Depreciation

It is the policy of the Centre to provide depreciation on the straight line basis on the fixed assets at the rate of 20% per annum.

iii) Contribution from the Province of Ontario

The contributions from the Province of Ontario were made without reference to source or type of expenditure. The capital expenditures amount is deducted from the total provincial contribution and the balance is designated for operations.

Contributions for capital assets are credited to reserve for capital assets and recognized as income as the depreciation and amortization of the related assets are charged to operations.

2. CONTRIBUTION FROM PROVINCE OF ONTARIO

Statement 5
Notes to Financial Statements
for the year ended March 31, 1987

1. SIGNIFICANT ACCOUNTING POLICIES:

- (a) Fixed assets are recorded at cost and depreciated over their estimated useful lives on the straight line basis at the following annual rates:

Buildings	5%
Furniture and Fixtures	20%
Equipment	20%
Vehicles	30%

Leasehold improvements are amortized by the straight-line method over the terms of the lease.

- (b) Contributions from the Province of Ontario:

Contributions allocated to capital expenditures are deducted from total provincial contributions and the balance is designated for operations.

Contributions for operations are recognized as revenue in the period in which they are committed by the Province. Interest Revenue on temporary investment of surplus cash is applied to reduce the annual operating contribution from the Province of Ontario during the year.

Contributions for capital assets are credited to reserve for capital assets and recognized as income as depreciation of the related assets is charged to operations.

- (c) Work in progress is valued at the lower of cost or net realizable value.

Auditors' Report

To The Ontario Centre for Farm Machinery and Food Processing Technology and the Ministries of Industry, Trade and Technology and Agriculture and Food of the Province of Ontario.

We have examined the balance sheet of the Ontario Centre for Farm Machinery and Food Processing Technology as at March 31, 1987 and the statement of operations, reserve for capital assets and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances, except as explained in the following paragraph.

Management has advised us that the Centre has been unable to obtain satisfactory evidence of support for various financial guarantees provided to it by a client, to cover long-term receivables related to financial commitments entered into by the Centre on the client's behalf. In addition, we have been unable to verify, by alternative means, long-term receivables included in the financial statements totalling \$1,299,745. Accordingly, we were not able to determine whether any adjustments might be necessary to long-term receivables, expenditures, excess of expenditures over revenues, surplus and working capital. Management is presently working to obtain satisfactory evidence and financial security to resolve this situation, but does not expect to complete this on a timely basis.

In our opinion, except for the effect of adjustments, if any, which we might have determined to be necessary had we been able to satisfy ourselves with respect to the balances of long-term receivables described in the preceding paragraph, these financial statements present fairly the financial position of the Centre as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Notes to the Financial Statements
March 31, 1987

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in accordance with generally accepted accounting principles, and reflect the following policies:

Fixed Assets

Fixed assets are stated at cost. Equipment and furniture are depreciated by the straight-line method at rates calculated to amortize the cost of the assets, less salvage value, over their estimated useful lives. Leasehold improvements are amortized by the straight-line method over the term of the lease.

Contributions from the Province of Ontario

Contributions are made without reference to source or type of expenditure. The allocation shown in the financial statements is based on the capital assets expenditures and the balance is designated for operations.

Contributions for capital assets are credited to reserve for capital assets and recognized as income as the depreciation on the related assets are charged against operations.

Contributions for operations are recognized as revenue in the period in which they are committed by the Province. The excess of contributions received from the Province over net expenses are accounted for as a liability to the Province.

Revenue Recognition

Contract Revenue is recognized on the percentage-of-completion basis.

Contracts in progress

Contracts in progress represents the net realizable value of all unbilled customer work determined as a percentage of the total contract amounts.

AUDITORS' REPORT

To The Honourable Minister of Industry, Trade and Technology of the Province of Ontario and the Board of Directors of the Ontario Centre for Resource Machinery Technology

We have examined the balance sheet of the Ontario Centre for Resource Machinery Technology as at March 31, 1987 and the statements of revenue and expenditure, equity and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Centre as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

GENERAL

The Centre was established by the Government of the Province of Ontario pursuant to the provisions of the Technology Centres Act, 1982, to promote and enhance the application of current technology.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Fixed Assets

Fixed assets are recorded at cost. Depreciation is provided on a straight-line basis at the following annual rates:

Leasehold improvements	50%
Office equipment	20%
Office furniture	20%

(b) Contributions from the Province of Ontario

Contributions for operations are recognized as revenue in the year in which they are committed by the Province.

Contributions for capital assets are credited to equity in fixed assets. The equity is reduced by the depreciation for the year and is transferred to operations.

Contributions for the investment program are credited to the equity in investment fund.

(c) Investments

Investments are valued at the lower of cost or net realizable value. Income from investments is recorded on the cash basis in the statement of revenue and expenditure. Any gains or losses on disposal of investments and allowances for decline in the value of investments are recorded in the statement of investment equity in the year in which they occur.

(d) Research and Development

Expenditures for research and development projects are expensed in the year in which they are incurred.

Notes to the Consolidated Financial Statements
December 31, 1986

1. SIGNIFICANT ACCOUNTING POLICIES

Ontario Energy has invested in, or otherwise participated in, energy projects with a view to enhancing the availability of energy in Ontario. It has determined to seek prudent disposal of its investments.

Basis of financial statement presentation

The consolidated financial statements include the accounts of Ontario Energy Corporation and its subsidiaries except Trillium Exploration Corporation ("Trillium"). The Corporation's involvement in Trillium is in financing rather than an operating role. Accordingly, consolidating the accounts would not be more informative.

The investment in Suncor Inc. and certain other investments are accounted for using the equity method.

The full-cost method of accounting is used to account for the Corporation's direct investments in oil and gas exploration activities whereby all costs of exploring for and developing oil and gas reserves are capitalized.

ONTARIO ENERGY CORPORATION

Notes to the Consolidated Financial Statements — Continued
December 31, 1986

Fixed assets

Furniture and equipment are stated at cost less accumulated depreciation and amortization. Depreciation is determined using the straight-line method over a period of 60 months.

Income taxes

The Corporation and its wholly-owned direct subsidiaries and their wholly-owned direct subsidiaries are not subject to income tax so long as not less than 90 per cent of the outstanding shares of the Corporation are held directly by the Province of Ontario. All of the Corporation's outstanding shares are presently held by the Province of Ontario. Onexco Oil & Gas Ltd., which is a wholly-owned indirect subsidiary of the Corporation, is subject to income taxes.

2. INVESTMENTS

Suncor Inc.

The investment in 25% of the shares of Suncor Inc. is accounted for using the equity method. Summarized financial information of Suncor Inc. as at December 31 is as follows:

	1986	1985 (restated Note 5) (millions)
FINANCIAL INFORMATION		
Working capital	\$ 74	\$ 87
Total assets	2,107	2,251
Shareholders' equity

(Loss) net income	(7)	22
Cash dividends on common shares	\$ 16	\$ 42
Stock dividends on common shares	10	—
	\$ 26	\$ 42

In 1985 certain companies instituted an action against Suncor Inc. disputing their obligation to pay an overriding royalty to Suncor. The amount of disputed royalty revenues recorded by Suncor to December 31, 1986 is approximately \$23 million before taxes, including \$3 million in 1986. Any material adverse financial impact on Suncor Inc. resulting from this action will be applied retroactively to the periods affected.

Trillium Exploration Corporation

The Corporation has a two-thirds interest in Trillium, which was formed to explore for oil and gas in the frontier areas of Canada. Trillium has had no income or loss from operations. The shareholders of Trillium have decided to scale down its activities beginning June 30, 1987.

At December 31, 1985, the net advances to Trillium amounted to \$47,390,462. During 1986, this amount was reduced by \$6,815,360, representing the excess of Petroleum Incentive Program (PIP) Grants received over advances. Due to the uncertainty with respect to future development in the frontier areas, the Corporation has decided to write down the carrying value of its investment in Trillium by 50% to \$20,287,551.

The Corporation has outstanding commitments to Trillium for exploration activities in 1987 of approximately \$22.5 million which will be reduced by PIP Grants of approximately \$19.9 million.

Energy resource ventures

Subsequent to the year end, the Corporation sold or accepted purchase offers for its conventional energy resource ventures for cash of \$11 million, which approximates the year end carrying value.

ONTARIO ENERGY CORPORATION

Notes to the Consolidated Financial Statements — Concluded
December 31, 1986

Energy technology ventures

The Corporation has investments in energy technology ventures of various types, typically in the form of a minority equity interest or debt. These investments are reflected at the lower of cost and estimated net realizable value.

3. WRITE-DOWN AND DISPOSAL OF INVESTMENTS

In accordance with its divestiture policy, the Corporation has sold or written-down certain investments.

	(000's)
Trillium Exploration Corporation	\$20,288
Energy resource ventures	10,503
Energy technology ventures	2,515
	<u>\$33,306</u>

4. EQUITY ADJUSTMENT IN INVESTMENTS

Equity adjustment in investments reflects the Corporation's share of the income or loss of Suncor Inc. and certain energy ventures which investments are accounted for using the equity method.

5. SUNCOR INC. ADJUSTMENTS

(a) Successful Efforts Accounting

The Corporation's opening retained earnings for 1986 and 1985 have been restated to reflect a change in accounting policy adopted by Suncor Inc. During 1986, Suncor Inc. retroactively adopted the successful efforts method for accounting for its crude oil and natural gas operations. Previously Suncor Inc. had followed the full cost method.

The accounts of the Corporation have been restated to reflect the effect of this change by Suncor Inc., to the extent of its 25% interest therein, by increasing the 1986 opening deficit by \$22.75 million, decreasing the 1985 equity adjustment and loss for the year by \$8 million and decreasing the 1985 opening retained earnings by \$30.75 million.

(b) Norcen Litigation

During 1986, the Alberta Court of Appeal held that Suncor Inc. need not pay disputed sublease royalties to Norcen International Ltd. relating to periods prior to July 1982. The financial impact of the judgement has been reflected retroactively in the periods affected. Accordingly, the Corporation's opening 1986 deficit was decreased and the 1985 opening retained earnings was increased by \$3.25 million.

ONTARIO HOUSING CORPORATION

Notes to Financial Statements
December 31, 1986

SIGNIFICANT ACCOUNTING POLICIES

The following summarizes the significant accounting policies used in preparing the accompanying financial statements:

- i) The Corporation uses the accrual method of accounting.
- ii) Land and buildings held as investments in Provincial and Federal-Provincial properties are amortized on a basis equal to the reduction of the corresponding long-term debt and contributed surplus.
- iii) Furniture and equipment purchases are expensed in the year of acquisition.
- iv) Social housing payments include funds advanced as interest-free loans. These loans are expensed and not included as accounts receivable in the balance sheet. Repayments are returned directly to the Consolidated Revenue Fund of the Province of Ontario.

SELF-INSURANCE

The Corporation follows the policy of self-insuring its Provincial and Federal-Provincial properties for property damage such as fire, water and vandalism. Costs of such repairs are charged to property operating expenses.

INVESTMENT IN PROPERTIES

(a) Provincial housing

This investment represents land and building costs of wholly-owned properties which are amortized over periods not exceeding 50 years.

	1986 (\$000's)	1985 (\$000's)
Cost	1,317,143	1,317,143
Less: accumulated amortization	90,938	82,414
Net book value	<u>1,226,205</u>	<u>1,234,729</u>

(b) Federal-Provincial housing

Federal-Provincial properties are owned and operated on a partnership basis with Canada Mortgage and Housing Corporation. The balance represents the Corporation's share of land and building costs which are amortized over periods not exceeding 50 years.

	1986 (\$000's)	1985 (\$000's)
Cost	20,753	20,520
Less: accumulated amortization	4,344	4,063
Net book value	<u>16,409</u>	<u>16,457</u>

(c) Student housing on leased land

This investment represents building costs to provide student accommodation on land leased from 11 universities and colleges. These costs are being repaid semi-annually to the Corporation by the educational institutions over a 50 year period. When costs are fully repaid, title to the properties will be transferred to the respective institutions. The institutions retain the rental revenues and absorb the property operating expenses.

	1986 (\$000's)	1985 (\$000's)

5. LONG-TERM DEBT

The Corporation borrows funds from Canada Mortgage and Housing Corporation and the private sector to finance investments in real property. Such borrowings are repaid in accordance with agreement terms over periods not in excess of 50 years.

Interest is payable to Canada Mortgage and Housing Corporation and the private sector at various rates based on individual agreements ranging from 4.25% to 15% — weighted average rate of 8.18% (1985 from 4.25% to 15% — weighted average rate of 8.18%).

Principal repayments are due as follows:

	(\$000's)
1987	8,727
1988	9,368
1989	10,059
1990	10,802
1991	11,603
Subsequent to 1991	<u>1,115,268</u>
	<u>1,165,827</u>

While the Corporation is indebted for capital funds borrowed in respect of investment in Provincial housing projects, the amortization charges (principal and interest) over the life of the projects are considered operating expenses under the cost sharing agreement with Canada Mortgage and Housing Corporation. Under this agreement, Canada Mortgage and Housing Corporation contributes 50% of the amortization charges (principal and interest) and the Corporation absorbs the remaining 50%.

6. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

7. CONTRIBUTED SURPLUS

Prior to December 1, 1985 capital funds provided by the Treasurer of Ontario were repayable by the Corporation as the related assets were amortized or sold. Effective December 1, 1985 such funds are no longer repayable by the Corporation. Also, the Treasurer of Ontario forgave the long-term debt of the Corporation in respect of capital funds provided prior to December 1, 1985.

To reflect this change, the Corporation transferred the long-term debt due to the Treasurer of Ontario as of November 30, 1985 to a new account "Contributed Surplus". Contributions for capital expenditures received with effect from December 1, 1985 are to be credited to this account. In addition, the account is to be reduced as the related assets are amortized or sold.

ONTARIO HOUSING CORPORATION

Notes to Financial Statements — Concluded
December 31, 1986

ASSISTED HOUSING

Under the assisted housing program, the Corporation owns (either wholly or in partnership with Canada Mortgage and Housing Corporation) rental properties and provides rent-geared-to-income accommodation principally to families and senior citizens. The management of the properties is carried out through a network of local housing authorities who act as agents of the Corporation. The loss on this program is shared with Canada Mortgage and Housing Corporation.

RENT SUPPLEMENT

Under the rent supplement programs, the Corporation acquires the use of rental units from the private sector and provides rent-geared-to-income accommodation principally to families and senior citizens. The costs of these programs are shared with Canada Mortgage and Housing Corporation.

0. PROVINCIAL CONTRIBUTIONS TO MUNICIPAL HOUSING

The Corporation contributed \$15.3 million (1985 — \$13.3 million) to The Metropolitan Toronto Housing Company Limited towards operating costs for senior citizen apartment units.

1. RURAL AND NATIVE HOUSING

This program, administered by Canada Mortgage and Housing Corporation, provides subsidized home ownership to families in rural areas. Mortgage payments are geared to owners' incomes. The loss represents the Corporation's share of the subsidy provided.

2. RECOVERY OF AMORTIZATION (PRINCIPAL AND INTEREST)

As a result of the elimination of the long-term debt payable to the Treasurer of Ontario as referred to in Note 7, relevant amortization charges (principal and interest) are no longer payable by the Corporation. Accordingly, the Provincial portion of such amortization, while charged to Housing Operations, is offset by credit to recovery of amortization.

3. ADMINISTRATIVE SUPPORT SERVICES

The Ministry of Housing provides central administrative support services to the Corporation. The charge for such support services was determined on a basis acceptable to the Ministry and the Corporation.

4. SUBSEQUENT EVENT

Effective April 1, 1987, social housing payments and related administration expenses are being paid directly by the Ministry of Housing.

ONTARIO HYDRO**Summary of Significant Accounting Policies**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in Canada, applied on a basis consistent with that of the preceding year. The significant accounting policies followed by Ontario Hydro are described below.

Rate setting

Ontario Hydro has broad powers to generate, supply and deliver electric power throughout the Province of Ontario. The Corporation operates under the Power Corporation Act and is subject to provisions of the Ontario Energy Board Act.

Under the provisions of the Power Corporation Act, the price payable by customers for power is the cost of supplying the power. Such cost is defined in the Act to include the cost of operating and maintaining the system, depreciation, interest, and the amounts appropriated for debt retirement and stabilization of rates and contingencies. The debt retirement appropriation is the amount required under the Act to accumulate on a sinking fund basis over 40 years a sum equal to the debt incurred for the cost of the fixed assets in service. The appropriation for, or withdrawal from, the stabilization of rates and contingencies reserve is an amount established to maintain a sound financial position and to stabilize the effect of cost fluctuations.

Under the provisions of the Ontario Energy Board Act, a public hearing before the Ontario Energy Board is required in respect of any changes in electricity rates proposed by Ontario Hydro which affect its municipal utilities, direct industrial customers, or, if the Minister of Energy so directs, rural retail customers. The Ontario Energy Board submits its recommendations to the Minister of Energy. After considering the recommendations of the Ontario Energy Board, the Board of Directors of Ontario Hydro, under the authority of the Power Corporation Act, establishes the electricity rates to be charged to customers.

If the Board of Directors specifies a certain cost or gain is to be included in future electricity rates that, in accordance with the accounting policies summarized below, would be charged or credited to operations in the current year, then this cost or gain is deferred and amortized to future operations on a basis consistent with its inclusion in rates.

Fixed assets

Fixed assets in service include operating facilities and non-operating reserve facilities. Construction in progress includes fixed assets under construction and heavy water held for use in nuclear generating stations under construction.

Fixed assets are capitalized at cost which comprises material, labour, engineering costs, and the costs of training initial operating staff for new facilities as well as overheads, depreciation on service equipment, and interest applicable to capital construction activities. In the case of generation facilities, the cost also includes the net cost of commissioning, and for nuclear generation, the cost of heavy water. The net cost of commissioning is the cost of start-up less the value attributed to energy produced by generation facilities during their commissioning period. The cost of heavy water comprises the direct cost of production and applicable overheads, as well as interest and depreciation on the heavy water production facilities and the estimated removal of these facilities. For multi-unit facilities, a proportionate share of the cost of common facilities is placed in service with each major operating unit. Leases which transfer the benefits and risks of ownership of assets to Ontario Hydro are capitalized.

Interest is capitalized on construction in progress at rates (1986 — 12.9 per cent, 1985 — 13.9 per cent) which approximate the average cost of long-term funds borrowed in the years in which expenditures have been made for fixed assets under construction. If the construction period of a project is extended and the construction activities are continued, interest is capitalized during the period of extension provided that the project has a reasonable expectation of being completed.

If a project is cancelled or deferred indefinitely with a low probability of construction being resumed, all costs including the costs of cancellation are written off to operations.

If fixed assets are removed from operations and mothballed for future use, termed non-operating reserve facilities, the costs of mothballing are charged to operations.

Depreciation

The capital costs of fixed assets in service are depreciated on a straight-line basis. Depreciation rates for the various classes of assets are based on their estimated service lives. Major components of generating stations are depreciated over the lesser of the service life expectancy of the component or the remaining service life of the associated generating station.

ONTARIO HYDRO

The estimated service lives of assets for 1986 and 1985 in the major classes are:

generating stations — hydraulic	— 65 to 100 years
— fossil	— 25 to 35 years
— nuclear	— 40 years
heavy water	— over the period ending in the year 2040
transmission and distribution facilities	— 20 to 55 years
heavy water production facilities	— 20 years
administration and service facilities	— 5 to 60 years

In accordance with group depreciation practices, for normal retirements the cost of fixed assets retired is charged to accumulated depreciation with no gain or loss being reflected in operations. However, gains and losses on sales of fixed assets, and losses on premature retirements are charged to operations in the year incurred as adjustments to depreciation expense.

When the costs of removal less residual value, termed removal costs, on retirements of fixed assets can be reasonably estimated and are significant, provisions for these costs, except for those related to heavy water production facilities, are charged to depreciation expense on an annuity basis over the remaining service life of the related fixed assets. For heavy water production facilities, provisions for removal costs are charged to heavy water production costs on a straight-line basis over the remaining service life of the related facilities. Other removal costs are charged to depreciation expense as incurred. Removal costs include the estimated costs of decommissioning nuclear stations and heavy water production facilities, and the estimated costs of removing certain nuclear reactor fuel channels.

The estimated service lives of fixed assets and in the significant assumptions underlying the estimates of fixed asset removal costs are subject to periodic review. Any changes arising out of such a review are implemented on a remaining service life basis from the year the changes can be first reflected in electricity rates.

Non-operating reserve facilities are amortized so that any estimated loss in value is charged to depreciation expense on a straight-line basis over their expected non-operating period.

Unamortized advances for fuel supplies

As part of its program to ensure the adequate supply of fuels for its generating stations, Ontario Hydro has entered into long-term fuel supply contracts. Where these contracts require Ontario Hydro to make payments for pre-production costs to suppliers in advance of the fuel delivery, these payments and associated costs, including interest, are carried in the accounts as unamortized advances for fuel supplies. The advances are amortized to fuel inventory as the fuels are delivered.

Costs for electric generation

The cost used for electric generation comprises the average inventory costs of fuel consumed, charges for commissioning energy produced, and provisions for disposal of nuclear fuel irradiated during the period. The inventory cost of fuel consumed comprises fuel purchases, transportation and handling costs, and the amortization of advances for fuel supplies. Transportation costs include charges for interest and depreciation on railway equipment owned by Ontario Hydro. The charges for commissioning energy produced during the period represent the incremental operating and fuel costs of producing the same quantity of energy at generating units displaced because of the commissioning activity. The costs for disposal of nuclear fuel irradiated in each period are charged to operations based on estimated future expenditures and interest accumulating to the estimated date of disposal. Estimates of expenditures, interest and escalation rates, and the date of disposal are subject to periodic review. Adjustments resulting from changes in estimates are charged to operations on an annuity basis over the period from the year the changes can be first reflected in electricity rates to the estimated in-service date of the disposal facility.

Foreign currency translation

Current monetary assets and liabilities in foreign currencies are translated to Canadian currency at year-end rates of exchange and the resultant exchange gains or losses are credited or charged to operations. Long-term debt payable in foreign currencies is translated to Canadian currency at year-end rates of exchange. Resulting unrealized exchange gains or losses are deferred and included in unamortized debt costs, and are amortized to operations on an annuity basis over the remaining life of the related debt.

Foreign exchange gains or losses on hedges of long-term debt payable in foreign currencies are deferred and included in unamortized debt costs. The deferred gains or losses related to principal payments are amortized to operations on an annuity basis over the remaining period through to the year in which the hedged principal payments are due. The deferred gains or losses related to interest payments are credited or charged to operations in the year in which the hedged interest payments are due.

ONTARIO HYDRO

Foreign exchange gains or losses on early redemption of long-term debt are deferred and included in unamortized debt costs if the exposure in the foreign currency related to the redeemed debt is not reduced as a result of the refinancing of the redeemed debt in the same currency. These deferred gains or losses are amortized on an annuity basis over the period to the original maturity date of the redeemed debt. If the foreign currency exposure is reduced as a result of the early redemption of debt, the resulting foreign exchange gains or losses related to the redeemed debt are credited or charge to operations.

Unamortized debt costs

Unamortized debt costs include the unamortized amounts related to unrealized foreign exchange gains or losses resulting from the translation of foreign currency long-term debt, foreign exchange gains or losses on hedges, foreign exchange gains or losses on the early redemption of long-term debt, discounts or premiums arising from the issuance of debt or the acquisition of debt prior to maturity, and discounts or premiums accrued on foreign currency hedges.

Debt discounts or premiums arising from the issuance of debt are amortized over the period to maturity of the debt. Discounts or premiums on debt acquired prior to the date of maturity are amortized over the period from the acquisition date to the original maturity date of the debt. Discounts or premiums on foreign currency hedges are credited or charged to operations over the terms of the individual hedges.

Nuclear agreement — Pickering units 1 and 2

Ontario Hydro, Atomic Energy of Canada Limited and the Province of Ontario are parties to a joint undertaking for the construction and operation of units 1 and 2 of Pickering Nuclear Generating Station, with ownership of these units being vested in Ontario Hydro. Contributions to the capital cost by Atomic Energy of Canada Limited and the Province of Ontario amounted to \$258 million and these have been deducted in arriving at the value of fixed assets in service in respect of Pickering units 1 and 2. Ontario Hydro is required to make monthly payments until the year 2003 to each of the parties in proportion to their capital contributions. These payments, termed "payback", represent in a broad sense the net operational advantage of having the power generated by Pickering units 1 and 2 as compared with coal-fired units similar to Lambton units 1 and 2.

Pension plan

The pension plan is a contributory, defined benefit plan covering all regular employees of Ontario Hydro. Ontario Hydro is responsible for all deficiencies and surpluses in the pension plan. Pension costs, as actuarially determined consist of current service costs and amounts required to amortize any surpluses or unfunded liabilities. A net unfunded liability arising from past service obligations is amortized up to fifteen years. All other net unfunded liabilities or net surpluses in the fund are amortized up to five years.

Research and development

Research and development costs are charged to operations in the year incurred, except for those related directly to the design or construction of a specific capital facility which are capitalized as part of the facility.

ONTARIO HYDRO

Management's Responsibility for Financial Reporting

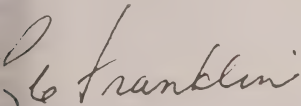

The accompanying financial statements of Ontario Hydro are the responsibility of management and have been prepared in accordance with accounting principles generally accepted in Canada, applied on a basis consistent with that of the preceeding year. The significant accounting policies followed by Ontario Hydro are described in the accompanying Summary of Significant Accounting Policies. The preparation of financial statements necessarily involves the use of estimates based on management's judgement, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods. The financial statements have been properly prepared within reasonable limits of materiality and in light of information available up to March 9, 1987. The information presented elsewhere in the Annual Report is consistent with that in the financial statements.

Management maintains a system of internal controls designed to provide reasonable assurance that the assets are safeguarded and that reliable financial information is available on a timely basis. The system includes formal policies and procedures and an organizational structure that provides for appropriate delegation of authority and segregation of responsibilities. An internal audit function independently evaluates the effectiveness of these internal controls on an ongoing basis and reports its findings to management and to the Audit Committee of the Board of Directors.

The financial statements have been examined by Clarkson Gordon, independent external auditors appointed by the Lieutenant Governor in Council of Ontario. The external auditors' responsibility is to express their opinion on whether the financial statements are fairly presented in accordance with generally accepted accounting principles. The Auditors' Report, which appears below, outlines the scope of their examination and their opinion.

The Board of Directors, through the Audit Committee, is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal controls. The Audit Committee meets periodically with management, the internal auditors and the external auditors to satisfy itself that each group has properly discharged their respective responsibilities, and to review the financial statements before recommending approval by the Board of Directors. The external auditors have direct and full access to the Audit Committee, with and without the presence of management, to discuss their audit and their findings as to the integrity of Ontario Hydro's financial reporting and the effectiveness of the system of internal controls.

Auditors' Report**To the Board of Directors of Ontario Hydro:**

We have examined the statement of financial position of Ontario Hydro as at December 31, 1986 and the statements of operations, equities accumulated through debt retirement appropriations, reserve for stabilization of rates and contingencies and source of cash used for investment in fixed assets for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of Ontario Hydro as at December 31, 1986 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Notes to Financial Statements

1. Secondary power and energy

Secondary power and energy revenues include \$247 million (1985 — \$350 million) from sales of electricity to United States utilities.

2. Water rentals

Water rentals are the amounts paid primarily to the Province of Ontario for the use of water for hydraulic generation.

3. Nuclear agreement — payback

During 1983, units 1 and 2 of the Pickering Nuclear Generating Station were shut down for replacement of pressure tubes and have not operated since then. The Nuclear Agreement, which is described in the Summary of Significant Accounting Policies, allows maintenance and overhead costs during the shutdown period to be included in payback calculations. The calculations have resulted in negative payback amounts of \$8 million in 1983, \$36 million in 1984, \$75 million in 1985 and \$63 million in 1986. These amounts, totalling \$182 million, have been credited against the costs of operations for the respective years and are included in "long-term accounts receivable and other assets". The basis for this accounting treatment is the belief by Ontario Hydro that under the Nuclear Agreement, these amounts, termed "negative payback", plus interest, can be offset against future positive payback amounts payable to the Province of Ontario and to Atomic Energy of Canada Limited when the units return to service. Atomic Energy of Canada Limited objected to this interpretation and took the position that "negative payback" is not to be offset against future positive payback amounts. In addition, during 1983, the parties to the Nuclear Agreement agreed that the provisions for irradiated fuel disposal costs related to Pickering Nuclear Generating Station units 1 and 2 be included, subject to further discussions, in the calculation of payback for the years 1982, 1983 and 1984, and also to discuss whether such costs should continue to be included in the calculation of payback subsequent to 1984.

During 1986, the parties to the Nuclear Agreement reached a settlement in principle regarding the interpretation of the agreement. The settlement establishes that the negative payback amounts accumulated during the shutdown period of the units, and included as long-term accounts receivable, are recoverable by Ontario Hydro. These amounts, plus interest, are to be recovered by Ontario Hydro over the remaining term of the Nuclear Agreement and will commence when the units are returned to service, which is expected in 1987. The settlement also provides that the termination date of the Nuclear Agreement be extended from the year 2001 to 2003. In addition, the settlement recognizes that the provisions for irradiated fuel disposal costs related to units 1 and 2 are properly allowable costs to be included in the calculation of payback. At this time, the amendment to the Nuclear Agreement to reflect the settlement in principle has not been finalized.

Non-operating reserve facilities consist of Lennox, R. L. Hearn, J. C. Keith and Thunder Bay unit 1 fossil generating stations. Substantially all of the undepreciated cost of non-operating reserve facilities is related to Lennox generating station, which based on current forecasts, is expected to return to operations in the mid 1990s. Based on current forecasts, Bruce Heavy Water Plant "A" has been declared surplus and, accordingly, the capital cost and accumulated depreciation related to this facility were reduced by \$237 million effective December 31, 1986.

Construction in progress at December 31, 1986:

All other construction in progress	—	—	—	<u>1,053</u> <u>7,737</u>	—

Estimated costs to complete are the most recent projections. These estimates exclude cost escalation and interest which are forecast to average 6% and 11% per year, respectively, over the period 1987 to 1992. Because of the uncertainties associated with long construction lead times and planned in-service dates, these costs to complete are subject to change.

The fuel channel replacement program for Pickering "A" units 1 and 2 is estimated to cost \$439 million, excluding interest and escalation. Of this total, \$304 million is to be capitalized as installation costs, and the remaining \$135 million is related to the removal costs of the existing pressure tubes and is being recovered through charges to operations as described in note 12. The actual expenditures for installation costs, including interest of \$56 million, totalled \$247 million as of December 31, 1986 and are included in all other construction in progress in the above table. The first two units of Pickering "A" are expected to be returned to service in 1987.

For 1987, additional investment in fixed assets is estimated to be approximately \$2,532 million including escalation and interest.

Unamortized advances for fuel supplies are recovered as fuel is delivered. Contractual obligations for additional advance payments for uranium supplies together with interest capitalization approximately equal the amortization of advances for uranium supplies over the next five years.

Ontario Hydro has entered into long-term contracts with Denison Mines Limited and Rio Algom Limited for uranium supplies through to 2012 and 2024, respectively. Ontario Hydro's current forecast of the annual requirements for uranium is approximately 1,300 megagrams for 1987, increasing to approximately 1,900 megagrams by 1994. The forecasted requirements and contracted deliveries are in balance up to 1994. Commencing in 1994 through to 2012, contracted deliveries exceed requirements of the nuclear generating facilities currently in service and under construction by approximately 1,000 megagrams per year. Ontario Hydro's options for managing the oversupply include resale of the uranium and, under specified conditions, cancellation or renegotiation of the contracts. In the event that a contract is cancelled, the supplier is not required to refund any outstanding advances. At this time, the likelihood of a contract cancellation and the financial implications of pursuing the options are not determinable.

Bruce Heavy Water Plant "D" is an indefinitely deferred project with a low probability of construction being resumed. The capital cost of this project and the unamortized deferred costs associated with the cancelled Wesleyville generating station project were not written off directly to operations since the Board of Directors under its rate setting authority determined that these costs be amortized for recovery through electricity rates over the period 1984 through 1993. As a result of a recent review, the costs of removal of Bruce Heavy Water Plant "D" have been estimated to be \$18 million and, accordingly, this amount was included as an adjustment to the cost of this project, effective January 1, 1986. The amortization of the deferred costs associated with these projects results in an annual charge of \$41 million for 1986.

Ontario Hydro has entered into financial arrangements to hedge a portion of the foreign currency exposure related to principal and interest payments with respect to long-term debt. As at December 31, 1986, these arrangements amounted to United States \$744 million and Swiss francs 106 million, having weighted average Canadian dollar exchange rates of 1.39 and 0.87 respectively. These arrangements are primarily in short-term forward exchange contracts which hedge principal and interest payments due in 1987.

Bonds and notes payable in United States dollars include Canadian \$7,083 million (1985 — Canadian \$7,190 million) of Ontario Hydro bonds held by the Province of Ontario and having terms identical with Province of Ontario issues sold in the United States on behalf of Ontario Hydro. Bonds and notes payable are either held, or guaranteed as to principal and interest, by the Province of Ontario.

Ontario Hydro has entered into interest rate swap arrangements amounting to Canadian \$350 million in notional principal as at December 31, 1986, and expiring in 1989 through 1993. These arrangements have effectively converted fixed interest rates on long-term debt, having a weighted average coupon rate of 9.8%, to variable interest rates which are adjusted quarterly to the prevailing Canadian bankers' acceptance rate.

	millions of dollars	
Accrued irradiated fuel disposal costs	243	189
Accrued fixed asset removal costs	247	122
	<u>490</u>	<u>311</u>

Irradiated fuel disposal costs:

The significant assumptions used in estimating the future irradiated fuel disposal costs were:

- an in-service date of the year 2010 for irradiated nuclear fuel disposal facilities;
- a transportation distance of 1,000 kilometres from nuclear generating facilities to disposal facilities;
- interest rates through to the disposal date ranging from 9% to 12% (1985 — 10% to 15%); and
- escalation rates through to the disposal date ranging from 5% to 9% (1985 — 5% to 12%).

Because of the uncertainties associated with the technology of disposal, and the above factors, these costs are subject to change.

Fixed asset removal costs:

Fixed asset removal costs are the costs of decommissioning nuclear generating stations and heavy water production facilities after the end of their service lives, and the costs of removing certain fuel channels from nuclear reactors which are expected to be replaced during the life of the reactors. The significant assumptions used in estimating fixed asset removal costs were:

- decommissioning of nuclear generating stations in the 2041 to 2062 period on the deferred dismantlement basis (dismantlement following storage with surveillance for a 30-year period after shutdown of the reactors), and a transportation distance of 1,000 kilometres from nuclear generating facilities to disposal facilities;
- dismantlement of Bruce Heavy Water Plants "A", "B" and "D" in the 1991 to 2005 period;
- removal of fuel channels in Pickering Nuclear Generating Station "A" units 1 and 2 in the 1984 to 1987 period, and units 3 and 4 in the 2000 to 2003 period, and Bruce Nuclear Generating Station "A" in the 2002 to 2010 (1985-2002 to 2007) period, and commencing in 1986, Pickering "B" in the 2012 to 2018 period and Bruce "B" in the 2013 to 2019 period;
- interest rates through to 2062 ranging from 9% to 12% (1985 — 10% to 15%); and
- escalation rates through to 2062 ranging from 5% to 8% (1985 — 5% to 12%).

Because of the uncertainties associated with the technology of decommissioning and fuel channel removal, and the above factors, these costs are subject to change.

The fuel channel removal costs for Pickering "A" units 1 and 2 are being recovered by way of annual provision through to 1987 when both units are expected to return to service. As of December 31, 1986, annual provisions totalled \$124 million with actual expenditures incurred amounting to \$114 million.

13. Fuel oil contract

Ontario Hydro contracted with Petrosar Limited for the purchase of 20,000 barrels of residual fuel oil per day through to April, 1992. Deliveries for the years 1981 and 1982 were 6% and 2%, respectively, of the contract quantities and no deliveries were taken since then. Amounts have been charged to the costs of operations in prior years to provide for settlement with respect to reduced deliveries up to and including 1982. Ontario Hydro advised Petrosar Limited on May 24, 1983 that the contract is at an end due to Petrosar Limited's prior undertaking to the Government of Canada to limit its production of residual fuel oil to an amount less than the contracted quantities. Petrosar Limited commenced actions claiming damages of \$45.5 million and \$59.9 million for failure to take the contract quantities in 1981 and 1982 respectively. Ontario Hydro counterclaimed for \$39.4 million paid to Petrosar Limited in 1980, 1981 and 1982 and an accounting for the difference between market and contract prices for residual fuel oil supplied since the date of such undertaking. The trial on this matter in the Supreme Court of Ontario ended on March 18, 1986. On April 21, 1986, the Supreme Court rendered its decision that the contract between Ontario Hydro and Petrosar Limited was at an end, and that Petrosar Limited was to return the \$25.5 million previously paid by Ontario Hydro with respect to 1981 and 1982, plus costs and interest. Petrosar Limited has appealed the court's decision. These financial statements do not reflect the effects of the court's decision.

14. Statement of Source of Cash Used for Investment in Fixed Assets

The Statement of Source of Cash Used for Investment in Fixed Assets reports the investment in fixed assets resulting from the cash flows from operating, financing and other investing activities, and the effects of changes in cash and cash equivalents and changes in accounts payable and accrued charges affecting investment in fixed assets during the year. This statement focuses on the investment in fixed assets in view of Ontario Hydro's current level of construction activities which are financed from two major sources, cash provided from operations and cash from external borrowings.

The components of cash provided from operations, investment in other assets, and changes in cash and cash equivalents, defined to be cash and temporary investments net of short-term notes payable, are summarized below.

Cash provided from operations:

	1986	1985

The reconciliation of the change in fixed assets during the year with the investment in fixed assets for the year is summarized below.

	1986	1985
	millions of dollars	
Changes in fixed assets	1,954	2,002
Depreciation of fixed assets in service	638	594

15. Pension and insurance plans

Ontario Hydro's employee benefit programs include pension and insurance plans. The assets of the pension, group life insurance and long-term disability plans and the changes in assets during the year are shown in the financial statements of The Pension and Insurance Fund, and are not included in Ontario Hydro's financial statements.

Pension Plan:

The most recent actuarial valuation of Ontario Hydro's pension plan as at December 31, 1985 reported a surplus of approximately \$399 million (December 31, 1984 — \$220 million). The increase in the pension plan surplus during 1985 is attributable to an experience surplus of \$194 million and a surplus of \$87 million arising from changes in actuarial methodology, partially offset by an application of \$42 million towards plan improvements on January 1, 1985, and the amortization of \$60 million of the established surplus. In 1986, \$59 million of the \$399 million surplus was applied towards plan improvements to the pension plan.

The significant actuarial assumptions used in the 1985 and 1984 valuations were:

- rate used to discount future investment income — 8.5%, and future benefits — 8%;
- salary escalation rate — 8%;
- average retirement age for males — 60.7 (1984 — 60.3) and for females — 61.0 (1984 — 61.2); and
- corporate shares valuation — five-year market value average.

The pension plan costs for 1986 were nil (1985 — \$21 million) after the application of \$74 million (1985 — \$58 million) of pension plan surplus to meet Ontario Hydro's current service cost for 1986.

On October 21, 1986, the Ontario Hydro Employees Union, Local 1000 of the Canadian Union of Public Employees — C.L.C. filed an application for judicial review in the Supreme Court of Ontario to determine whether Ontario Hydro is entitled to apply the pension surplus that has accumulated in Ontario Hydro's pension plan to meet the Corporation's contribution with respect to current service cost. The hearing on this matter was held on February 5, 1987. On March 3, 1987, the Supreme Court rendered its decision that Ontario Hydro has complied with the relevant statutory provisions regarding the corporate contribution towards current service cost. The Ontario Hydro Employees Union has the right to seek leave to appeal the court's decision.

Group Life Insurance Plan:

The group life insurance plan had a surplus of approximately \$33 million as of December 31, 1986 (December 31, 1985 — \$34 million). Effective April 1, 1986, this surplus will be used to pay the insurance premiums for all members of the plan until the surplus is fully utilized.

16. Research and development

In 1986, approximately \$71 million of research and development costs were charged to operations and \$21 million were capitalized (1985 — \$63 million and \$17 million, respectively).

On behalf of the Corporation :

Chairman

President

To the Ontario International Corporation and
to the Minister of Industry, Trade and Technology.

I have examined the balance sheet of the Ontario International Corporation as at March 31, 1987 and the statement of operations and retained income for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations for the year then ended in accordance with the accounting policies described in note 2 to the financial statements applied on a basis consistent with that of the preceding year.

Toronto, Ontario,

Notes to Financial Statements
March 31, 1987

1. PURPOSE OF THE CORPORATION

The Ontario International Corporation was established:

- to assist the private sector in Ontario to sell its consulting expertise, capital goods and training services in the world's markets;
- to promote and support the marketing of Ontario's public sector expertise and systems internationally in conjunction with the private sector; and
- to provide intergovernmental contact and an Ontario government presence in support of the export of professional services and goods associated with capital projects.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles except for fixed assets which are expensed when purchased, and administrative expenses which are recognized on a cash basis modified to allow an additional 24 days to pay for goods and services pertaining to the fiscal year just ended.

(b) Contract revenue recognition

The percentage of completion method is used when the degree of completion of a contract can be objectively determined and related expenses can be reasonably estimated. When this is not possible, the revenue is recognized upon completion of the contract.

ONTARIO INTERNATIONAL CORPORATION

Notes to Financial Statements — Concluded
March 31, 1987

2. SIGNIFICANT ACCOUNTING POLICIES — Continued

(c) Contracts in process

Contracts in process are valued at the lower of cost and net realizable value. Costs consist primarily of payments made to subcontractors and suppliers for services rendered and expenditures incurred under the contracts. Payroll and other operating costs of the Corporation are excluded on the basis that they are largely administrative costs and are not normally recoverable under the terms of the contracts.

(d) Contribution from the Province of Ontario

The contribution from the Province of Ontario relates to the net assets acquired from the Ontario Educational Services Corporation for which no consideration was paid.

3. TRUST FUND

The Corporation administers a trust fund on behalf of the Ministry of Education of Oman for payment of all approved educational, living and related miscellaneous expenses of Omani students attending various Ontario universities and colleges.

4. UNEARNED REVENUE

Under the terms of agreements, \$528,750 has been received for services not yet provided.

5. RECOVERY FROM THE PROVINCE OF ONTARIO

Administrative expenses are recovered from the Ministry of Industry, Trade and Technology out of moneys appropriated therefor by the Legislature of the Province of Ontario.

6. SUBSEQUENT EVENT

The Corporation has assumed responsibility for the approval and administration of repayable grants under the Ministry of Industry, Trade and Technology's Trade Expansion Fund. Disbursements for the 1987-88 fiscal year are budgeted at \$1.2 million. Because the grant expenditures will be recovered from MITT, there will be no effect on the net income of the Corporation.

On behalf of the Board:

Chairman

Member

To The Ontario Junior Farmer Establishment Loan Corporation,
to the Minister of Agriculture and Food, and
to the Treasurer of Ontario.

I have examined the balance sheet of The Ontario Junior Farmer Establishment Loan Corporation as at March 31, 1987 and the statement of operations for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Notes to Financial Statements
March 31, 1987

1. STATUS OF CORPORATION

The Corporation has not accepted any new mortgage loan applications since 1969 and the final mortgage instalments on outstanding loans are payable in 1999.

2. ACCOUNTING POLICY

The financial statements have been prepared in accordance with generally accepted accounting principles.

3. FUNDS HELD IN TRUST

The provisions of the Corporation's mortgage indentures allow the Corporation, without taking title through foreclosure, to sell a farm property in certain circumstances for cash or credit.

In prior years, the Corporation had sold a number of properties and had taken back mortgages, some of which were for a greater amount than the outstanding balance on the original mortgage. This additional amount as of March 31, 1987 of \$93,000 (1986 — \$98,400) including accrued interest has not been recorded in the financial statements as the Corporation has no obligation until payments are actually received on account of these additional amounts.

All mortgage payments received are applied first against the amount of the original mortgage with the remaining payments held in trust for the original owner or other claimants by the Corporation. When the mortgage has been fully repaid by the new purchaser, the funds held in trust will be distributed.

4. ADMINISTRATION EXPENSES

Salaries of the Corporation's staff and sundry administrative costs have been absorbed by the Ministry of Agriculture and Food and are not included in the statement of operations.

5. CONTRIBUTION DUE TO THE TREASURER OF ONTARIO

The cost of the loan program, which is represented by the net operating loss for the year, is paid out of moneys appropriated therefor by the Legislature. The payable of \$81,787 (1986 — \$38,817) represents the amount due back to the Treasurer of Ontario for the current year's operating loss exceeded by advances received to date.

6. INTEREST ON MORTGAGES AND CAPITAL ADVANCES

Interest earned by the Corporation on its mortgage loans is fixed by legislation and averages approximately 5 per cent per annum. Interest payable by the Corporation on capital advances from the Treasurer of Ontario has been established by the Treasurer of Ontario at 6.7 per cent. This interest differential is the primary reason for the Corporation's excess of expense over revenue.

Summary of Significant Accounting Policies
March 31, 1987

Ontario Land Corporation (OLC) was incorporated in 1975 as a Crown Corporation without share capital under the Ontario Land Corporation Act. As at March 31, 1987, the Corporation managed 24,060 hectares of land acquired for land banking and development purposes, and 9,052 mortgages and 5,517 land leases issued under various housing programs. OLC is a partner with Canada Mortgage and Housing Corporation (CMHC) in certain land and mortgage programs, and earns administration fees for managing CMHC's interest in them. The Corporation is also a partner with various municipalities in certain mortgage programs.

The statements include the Corporation's proportionate share of the individual assets, liabilities, revenues and expenses of partnerships. No amounts are included in respect of salaries, benefits, or administrative expenses, as these are absorbed by the Ministry of Housing.

The Corporation administers certain housing incentive programs as an agent of the Province. Advances under these programs are reflected in the Public Accounts, and are not included in the accounts of the Corporation.

In accordance with directions given by the Government of Ontario, OLC transferred all its assets and liabilities at the close of business on March 31, 1987, and ceased active operations. Its subsidiary, Ontario Mortgage Corporation (OMC), was included in the transfer, and will be reactivated for mortgage operations. Details of the transfer are shown in Note 1.

ONTARIO LAND CORPORATION

Summary of Significant Accounting Policies — Concluded
March 31, 1987**Real Estate**

Real estate consists of land inventory, land leased to homeowners, residential properties acquired upon default of mortgage loans, and commercial properties.

Land inventory cost consists of acquisition costs, planning and development costs, and ongoing carrying costs net of any rental revenue received. Where such cost was greater than appraised value as at March 31, 1986, the asset value has been reduced to the appraised value.

Land leased to homeowners represents the Corporation's interest in lots on which homes have been built. Effective March 31, 1986, the carrying value of these assets was reduced to reflect the actual lease yield. A lessee may at his option, purchase and acquire title to the land.

Acquired property cost consists of the unpaid loan balances together with operating costs net of rents received. These properties are subsequently sold with the intention of recovering the value of the mortgages.

The net book value of commercial properties was reduced to equal the appraised value at March 31, 1986.

Depreciation of the commercial properties is recorded using the sinking fund method over a 40-year life for the properties. The sinking fund method provides a depreciation charge which increases at a rate compounded at 4% per annum, which is sufficient to fully depreciate the buildings over their anticipated useful lives.

Where land inventory is owned by the OLC/CMHC Partnership, interest is capitalized at rates set by CMHC. Interest is not capitalized on land wholly owned by the Corporation.

Mortgages and Loans

Mortgages and loans are carried at estimated realizable value. This consists of the principal due plus interest and property taxes less allowances for defaults and market revaluations.

Cash and Marketable Securities

Marketable securities are carried at cost plus accrued interest.

Income Recognition

Income from the sale of real estate is recognized when title passes to the purchaser.

In previous years the Corporation sold individual lots and took back non-interest bearing deferred mortgages as part of the sales proceeds. A portion of the gain on each sale, equal to the amount of such mortgage, was deferred. The deferred gains are taken into income at the time when mortgage repayment commences.

Notes to Financial Statements
March 31, 1987

1. TRANSFER OF ASSETS AND LIABILITIES

Effective March 31, 1987, Ontario Land Corporation transferred all its assets and liabilities in accordance with directions first set out in the October 1985 Ontario Budget. Three Government entities were involved: The Ministry of Treasury and Economics, The Ministry of Government Services and Ontario Mortgage Corporation.

The transfer of these assets and liabilities is as follows:

The majority of mortgage assets of the Corporation are financed by loans from the Treasurer of Ontario. These loans are repayable as funds are realized from the assets. The weighted average interest rate is 9.05% (1986 — 9.05%).

6. LONG-TERM DEBT — CMHC

(a) Debt due to CMHC is repayable under a debenture due December 31, 2001. The weighted interest rate is 7.09% (1986 — weighted average of two debentures — 8.93%). Principal repayments are as follows:

	(\$'000)
Year Ending March 31, 1988	1,247

10. MORTGAGE GUARANTEE FUND

The Corporation maintained a Mortgage Guarantee Fund which had been established in 1971 to satisfy any liability arising out of guarantees given for specific mortgages provided by private sector lenders. The outstanding balance of mortgages guaranteed has decreased to \$4,354,000 as at March 31, 1987 from \$8,036,000 as at March 31, 1986.

The guaranteed lending activity was discontinued in 1976, and the Fund has not received any claims since 1983. A review of the Fund and contingent liabilities indicated that maintenance of this separate Fund was no longer required. Accordingly, Fund assets consisting of \$2,552,000 cash and securities and \$290,000 mortgages were merged with assets of the Ontario Land Corporation. The Fund's equity of \$2,842,000 was added to the Corporation's retained earnings.

To the Ontario Land Corporation and
to the Minister of Housing:

I have examined the balance sheet of Ontario Land Corporation as at March 31, 1987 and the statements of earnings, contributed surplus, retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with the policies described in the Summary of Significant Accounting Policies, applied on a basis consistent with that of the preceding year.

March 31, 1987

SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

The Corporation's financial statements are prepared in accordance with generally accepted accounting principles except for fixed assets which are written off to operations at the time of acquisition.

(b) Deferred income

Revenues related to ticket sales where a draw has not taken place as of March 31 are deferred.

INTERPROVINCIAL LOTTERY CORPORATION

The Provincial, Super Loto and Lotto 6/49 lotteries are joint undertakings by all Provinces acting through the Interprovincial Lottery Corporation (ILC), a company whose shares are held by Her Majesty the Queen in right of the Provinces. Ontario Lottery Corporation is the regional marketing organization for these games in Ontario. The Corporation purchases tickets for the three games from ILC and manages their sale throughout the Province.

Prizes for these games are composed of Ontario's proportional share of prizes based on the number of tickets sold and Ontario's proportional share of ILC's net operating expenses. The Corporation's share of these net operating expenses amounted to \$3 million.

PAYMENTS TO TREASURER OF ONTARIO

Pursuant to section 9 of the Ontario Lottery Corporation Act, the net profits of the Corporation are payable to the Treasurer of Ontario. During the year payments were as follows:

	1987	1986
	(\$000's)	(\$000's)
Lotto 6/49	269,000	155,000
Instant	93,000	57,000
Lottario	57,000	59,000
Wintario	19,000	20,000
Provincial	17,000	14,000
Super Loto	10,000	12,000
	<u>465,000</u>	<u>317,000</u>

PAYMENTS TO GOVERNMENT OF CANADA

An agreement made in August 1979 between the Government of Canada and the Provinces stipulated that the Government of Canada would withdraw from the sale of lottery tickets effective December 31, 1979. Effective January 1, 1980, the agreement required the Provinces to remit quarterly to the Government of Canada the sum of \$6 million, appropriately adjusted to reflect the effects of inflation. The Provinces agreed to share this cost based on a formula which took into account the population and disposable income. Ontario's share of the payment for the fiscal year ended March 31, 1987 amounted to \$14.1 million.

On June 3, 1985, a second agreement made between the Government of Canada and the Provinces specified that the Government of Canada would refrain from reentering the field of gaming and betting. The agreement required the Provinces to remit to the Government of Canada \$100 million to be paid in three equal installments on or before December 31, 1985, 1986 and 1987. The Provinces have agreed to share these payments based on the formula used for the first agreement. Ontario's share of this payment for the fiscal year ended March 31, 1987 was \$12.2 million.

5. COMMITMENTS

Operating Leases

The Corporation occupies office space under operating leases expiring over terms varying from three to eight years. The minimum rentals payments are as follows:

	(\$000's)
1987-88	667
1988-89	667
1989-90	667
1990-91	778
1991-92	730
1992-95	2,372

Relocation Costs

On July 8, 1986, the government announced its intention to relocate the majority of the Corporation's operations to Sault Ste. Marie. The financial effect of this move cannot be reasonably estimated at this time.

6. INCOME TAXES

As a Crown corporation of the Province of Ontario, the Corporation is exempt from income taxes and accordingly no provision is required.

7. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform with the current year's presentation.

ONTARIO NORTHLAND TRANSPORTATION COMMISSION

Notes to Consolidated Financial Statements
December 31, 1986

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

These consolidated financial statements are prepared in accordance with generally accepted accounting principles. They include the accounts of the Commission and its wholly-owned subsidiaries, Star Transfer Limited and The Owen Sound Transportation Company, Limited.

(b) Materials and supplies

With the exception of used rail, all materials and supplies are shown at cost. Used rail is shown at estimated utility value.

(c) Investment in property and depreciation

Fixed assets are stated at acquisition cost.

Depreciation is calculated on a straight-line basis over the estimated service lives of the assets with the exception of vehicles which are depreciated at thirty per cent per annum on the diminishing balance basis. Depreciation generally is based on asset balances at the beginning of the year.

The rates used for railway properties are as authorized by the Canadian Transport Commission.

The estimated service lives used for principal categories of assets are as follows:

Road — main line and branches	20 to 200 years
Railway diesel locomotives	25 years
Railway cars	33 years
Vessel	33 years
Telecommunications equipment	15 years
Aircraft	10 years
Boats	20 years

The Province of Ontario reimburses the Commission for the costs of certain fixed assets purchased for use in operations designated as non-commercial by the Province. The Commission records these assets at their original cost together with an offsetting credit to Contributed Surplus. Annual depreciation on these fixed assets is recorded as a reduction to Contributed Surplus.

(d) Income taxes

As Crown Corporations of the Province of Ontario, the Commission and its wholly-owned subsidiaries are exempt from income taxes and accordingly no tax provision is reflected in operations.

2. SELF-INSURANCE

The Commission follows the policy of self-insuring for damages from rolling stock derailments and for cargo damage. Annual contributions to the self-insurance fund consist of a \$100,000 premium paid by the Commission in addition to investment income earned on fund assets.

3. CONTRIBUTORY PENSION FUND

The Commission acts as the trustee for the Contributory Pension Fund which covers all permanent staff of the Commission and which had assets of \$161,558,030 at December 31, 1986. Based on the latest actuarial valuation dated December 31, 1984, the Commission's Contributory Pension Fund had an unfunded liability of \$16,937,364. This amount was comprised of the following:

Initial unfunded liability as of January 1, 1965	\$19,443,107
Actuarial surplus identified as at December 31, 1984	(2,505,743)
	<u>\$16,937,364</u>

The Commission will continue to make annual interest payments of \$1,185,615 into the Fund in order to prevent an increase in the unfunded liability.

In addition, the Commission made an extra payment of \$2,209,037 (1985 — \$3,001,118) into the Fund. The impact of these special payments on the unfunded liability will be reflected in the next actuarial valuation.

ONTARIO NORTHLAND TRANSPORTATION COMMISSION

Notes to Consolidated Financial Statements — Concluded
December 31, 1986**4. PROVINCIAL GOVERNMENT REIMBURSEMENTS**

In accordance with the Memorandum of Understanding between the Commission and the Ministry of Northern Development and Mines, certain operations of the Commission and its subsidiaries have been designated as non-commercial and receive annual operating subsidies, the details of which appear on Schedule 2.

The subsidy amount for the non-commercial rail operations, which consist of the Cochrane-Mosonsee branch line and main line passenger train services, allows the Commission to earn an annual rate of return equal to the lesser of 9.325 per cent or the actual rate of return earned on the total of the Commission's commercial operations for the same year. For all other non-commercial operations shown on Schedule 2, the subsidies equal the operating losses for the year.

5. DEFERRED REVENUE

In 1985, the Commission received \$1,740,000 as full settlement for revenue lost through the rerouting of certain long distance telephone traffic. This amount is being amortized to income over the eight remaining years of the original agreement.

6. TELECOMMUNICATIONS REVENUE AGREEMENTS

The Commission has revenue-sharing agreements with Bell Canada and Northern Telephone Limited, subsidiaries of Bell Canada Enterprises Inc. These revenue-sharing agreements may be terminated by either party after giving 180 days and 60 days prior notice, respectively. Approximately 78 per cent (1985 — 77 per cent) of telecommunications revenues depend on these agreements.

7. DUE FROM CONTRIBUTORY PENSION FUND

During the year, the Commission paid \$526,429 towards the costs of construction of a senior citizens' apartment building having an estimated total cost of \$9.4 million. It is the Commission's intention that, upon completion, this investment will be held and managed by the Contributory Pension Fund.

8. COMMITMENT

Under an agreement dated September 24, 1986, the Commission is committed to pay \$3,000,000, in varying installments during 1987, to Northern Telephone Limited, to cover a portion of the cost of modernizing that company's telecommunications equipment.

9. SUBSEQUENT EVENTS**(a) Telecommunications Revenue**

The Commission uses tariffs established by Bell Canada to charge for certain long distance services within its territory. On October 14, 1986, the Canadian Radio-Television and Telecommunications Commission directed Bell Canada to lower its rates for long distance services. Effective January 1, 1987 the Commission similarly reduced its rates by an average of 20 per cent for long distance calls within Ontario and Quebec. The effect of the decrease in rates upon the Commission's future telecommunication income cannot be reasonably estimated because of the difficulty in predicting the offsetting impact of a rate reduction upon the volume and duration of long distance calls.

(b) Owen Sound Transportation Company, Limited

Under proposed changes to the Memorandum of Understanding between the Commission and the Minister of Northern Development and Mines, the Owen Sound Transportation Company, Limited would be designated as a commercial operation commencing January 1, 1987. As such, certain capital expenditures as well as operating losses of the Company would no longer be recoverable from the province. Any operating profits would accrue to the Commission.

10. COMPARATIVE FIGURES

Prior year's figures have been reclassified where necessary to conform to the current year's presentation.

On behalf of the Corporation:

Director

Director

To the Ontario Place Corporation and
to the Minister of Tourism and Recreation.

I have examined the balance sheet of Ontario Place Corporation as at March 31, 1987 and the statement of operations and retained income for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1987 and the results of its operations for the year then ended in accordance with the basis of accounting described in note 1(a) to the financial statements applied on a basis consistent with that of the preceding year.

ONTARIO PLACE CORPORATION

Notes to Financial Statements
March 31, 1987

1. SIGNIFICANT ACCOUNTING POLICIES

- (a) These financial statements have been prepared in accordance with generally accepted accounting principles except that the Corporation charges all additions to fixed assets to expenditures in the year of acquisition and credits all capital grants to income in the year received. Fixed assets are reflected on the balance sheet at a nominal value.
- (b) Inventory is valued on a first in first out basis at the lower of cost or net realizable value.

2. FIXED ASSETS

The capital cost of facilities originally provided by the Province of Ontario, less disposals to March 31, 1987, amounted to approximately \$28.9 million.

The total accumulated costs of fixed assets acquired since the original facilities were provided, less disposals, are as follows:

	1986	1987		
	Total	Additions	Disposals	Total
	\$	\$	\$	\$
Improvements to land	5,403,472	15,621	—	5,419,093
Buildings	15,532,688	580,891	—	16,113,579
Furniture and equipment . .	8,833,670	1,024,380	7,244	9,850,806
IMAX films	1,592,493	—	—	1,592,493
	<u>31,362,323</u>	<u>1,620,892</u>	<u>7,244</u>	<u>32,975,971</u>

3. MINISTRY OF ENERGY — CAPITAL GRANTS

During the 1987 fiscal year, funds were provided from the Ministry of Energy for the acquisition and installation of a water heating system for the H.M.C.S. HAIDA (\$24,312) and for the production rights to the Conserving Kingdom Puppet Show (\$75,000). These amounts are included in the Province of Ontario capital grant, and in total capital expenditures.

4. CONCESSIONS

Concession revenue includes rents from concessionaires and the net operating profit of the Trillium Restaurant which is operated under a management agreement.

5. GROSS PROFIT — FOOD SERVICES, WINTER PROGRAM AND BOUTIQUES

The operations are summarized as follows:

	Food Services		Winter Program		Boutiques	
	1987	1986	1987	1986	1987	1986
	\$	\$	\$	\$	\$	\$
Sales	1,434,074	1,267,542	828,676	963,408	741,042	758,438
Cost of Sales*	505,113	431,711	382,567	381,138	452,762	432,071

*Winter Program cost of sales include film rentals, snack bar and boutique merchandise. All other costs of sales are for merchandise only.

6. DEFERRED INCOME

Deferred income results primarily from the prepayment of IMAX film rental fees and Marina slip rentals.

7. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform with 1987 presentation.

ONTARIO WASTE MANAGEMENT CORPORATION

Notes to Financial Statements
March 31, 1987

1. SIGNIFICANT ACCOUNTING POLICIES

i. Basis of accounting

These financial statements have been prepared in accordance with generally accepted accounting principles.

ii. Grants from Province of Ontario

Grants are recognized as revenue in the period in which they are committed by the Province.

iii. Fixed Assets

Depreciation for furniture and equipment is computed on the declining balance basis at rates designed to amortize the cost of these assets over their estimated useful lives. Leasehold improvements are amortized on a straight-line basis.

2. FIXED ASSETS

THE PUBLIC TRUSTEE OF THE PROVINCE OF ONTARIO

Notes to Financial Statements
Year ended March 31, 1987

1. GENERAL

The Public Trustee performs duties under a number of statutes, with the following main responsibilities:

- the management of estates of mentally incompetent individuals;
- the administration of estates of persons who die in Ontario intestate and without next-of-kin;
- the gathering of assets on behalf of the Crown under the Escheats Act when there is no known owner of those assets or the owner is a corporation no longer in existence; and
- a general supervisory role over charities.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

Fees collected and bank interest are recorded on a cash basis of accounting which, for expenditure, is modified to allow an additional thirty days to pay for debts incurred during the fiscal year just ended. Net income from funds invested is recorded on an accrual basis.

(b) Funds invested

Funds are invested in income producing short term investments or bonds which are normally held until maturity. These securities are recorded at cost adjusted for the amortization of premiums or discounts on purchase over the period to maturity.

(c) Stocks and bonds of Estates and Trusts

Stocks and bonds for all Estates and Trusts, except Cemetery Trusts, are recorded at the value of the stocks and bonds at the time of taking over of the Estates and Trusts with an annual adjustment to market value at December 31 each year. The bonds of Cemetery Trusts are valued at par.

(d) Real estate

Real estate is recorded at appraised value at time of incorporation of the trust and is subject to periodic revaluations.

(e) Life insurance

Life insurance is recorded at its cash surrender value at the time of incorporating the trust and is subject to valuation every two years.

(f) Fixed assets

Fixed assets are recorded as expenditures when purchased.

3. ADMINISTRATION FUND ACCOUNT

The Administration Fund is the operating account of the Public Trustee. It is used to accumulate fees charged each estate for services, as prescribed by the regulations under the Public Trustee Act.

Cash balances in the Administration Fund which are not required for operating purposes are invested along with the cash funds of Estates and Trusts. The Administration Fund receives the net interest income of these investment activities, after interest is allowed on the funds of Estates and Trusts in accordance with regulations under the Act.

All operating expenses of the office of the Public Trustee are paid from the Administration Fund.

The Lieutenant Governor in Council may from time to time direct the payment into the Province's Consolidated Revenue Fund of any balance at the credit of the Administration Fund.

4. FUNDS ESCHEATED TO THE CROWN

The Public Trustee is authorized by the Escheats Act to take possession of unclaimed property reverting to the Crown under the Succession Law Reform Act, Business Corporations Act or common law. After a period of ten years, any property so received by the Public Trustee which remains unclaimed, is transferred to the Consolidated Revenue Fund of the Province.

During 1986-87, \$1,784,012 (1985-86, \$1,409,316) was transferred to the Province.

5. ASSURANCE FUND

The regulations under the Act provide that an Assurance Fund shall be established to meet losses for which the Office of the Public Trustee might become liable. Accordingly, this Fund has been established at \$200,000 by transfers from the Administration Fund.

THE PUBLIC TRUSTEE OF THE PROVINCE OF ONTARIO

Year ended March 31, 1987

To the Public Trustee of the Province of Ontario and
to the Attorney General.

I have examined the balance sheet of the Public Trustee of the Province of Ontario as at March 31, 1987 and the statements of revenue and expenditure and surplus for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Public Trustee of the Province of Ontario as at March 31, 1987 and the results of operations for the year then ended in accordance with the accounting policies described in note 2 to the financial statements applied on a basis consistent with that of the preceding year.

STADIUM CORPORATION OF ONTARIO LIMITED

Notes to Financial Statements
December 31, 1986

1. THE STADIUM CORPORATION OF ONTARIO LIMITED

The Corporation was incorporated under the Ontario Business Corporations Act (1982) and is authorized to issue an unlimited number of shares. As at December 31, 1986 all of the issued shares of the Corporation are owned by Her Majesty in right of Ontario as represented by the Treasurer of Ontario and the Minister of Economics. The Corporation's only activity is to cause to be built an urban multi-purpose domed stadium ("Stadium") in Metropolitan Toronto. Upon completion of the Stadium the Corporation will transfer all of its right, title and interest in the Stadium to a partnership. This partnership is to be formed between the Stadium Corporation of Ontario Limited and Dome Consortium Investments Inc. ("Consortium") for the purposes of acquiring and operating the Stadium.

2. ACCOUNTING POLICIES

These financial statements are prepared in accordance with generally accepted accounting principles considered appropriate for development companies of this type, the more significant of which are as follows:

(a) Fixed assets —

Fixed assets are stated at cost. Depreciation is based on the estimated average useful lives of the various classes of assets calculated on the straight-line method at the following rates:

Furniture and fixtures	— 20%
Office equipment	— 20%
Leasehold improvements	— Term of lease

(b) Development and indirect construction expenditures —

Development and indirect construction expenditures have been capitalized and are included in stadium costs.

3. FUNDING SOURCES

(a) Province of Ontario —

During the year, the Province of Ontario subscribed for 30,000 shares of the Corporation for consideration of \$30,000,000. These funds have been deposited in a savings account and may be drawn down on a pro rata basis as funds are received from the Consortium members. Under the present terms of the Consortium contribution agreement, \$12,000,000 of the balance of cash at December 31, 1986, will be available for withdrawal when the balance of the Consortium members' contribution is received.

The Province of Ontario has also advanced to the Corporation \$5,766,250, which is currently interest free but will become interest bearing after the Stadium becomes fully operational.

(b) Municipality of Metropolitan Toronto —

The Municipality of Metropolitan Toronto has agreed to contribute to the Corporation the lesser of \$30,000,000 and 20% of the cost of constructing the Stadium. As at December 31, 1986 an amount of \$4,297,023 had been received and \$2,521,515 is receivable for costs incurred to December 31, 1986. The contribution has been recorded as contributed capital.

(c) Consortium —

As at December 31, 1986, thirteen Canadian corporations ("Consortium members") have agreed to participate in the financing of the Stadium. For consideration of \$4,500,000 each Consortium member will receive certain preferred rights in the supply of goods and services, in the allocation of seating and in advertising within the Stadium for a ten-year period valued at \$4,200,000, and an option, valued at \$300,000 to extend the period of the preferred rights. Of the \$4,500,000, \$2,500,000 was receivable in 1986 and \$2,000,000 is receivable in 1987. At December 31, 1986, \$28,476,000 had been received from the Consortium members and \$4,024,000 is currently receivable. \$2,000,000 of this receivable has been paid subsequent to the year-end but is being held in escrow pending acceptance of certain specific preferred supplier rights. The amounts due in 1987 have not been recorded in these financial statements. The amounts received and currently receivable have been recorded as proceeds from sale of preferred rights in these financial statements.

In addition, the Consortium members have subscribed for shares of a private corporation which will eventually form a partnership with the Stadium Corporation of Ontario Limited to acquire and operate the Stadium. The Corporation received \$6,500,000 from the private corporation and has issued promissory notes for \$6,500,000 which bear no interest and are repayable on the day prior to the day the partnership acquires the Stadium.

STADIUM CORPORATION OF ONTARIO LIMITED

Notes to Financial Statements — Concluded
December 31, 1986

CAPITAL STOCK

The following is a summary of the capital stock as at December 31:

	1986	1985
Authorized:		
Unlimited number of common shares		
Issued:		
Common shares		
30,010 shares (1985 — 10 shares)	\$30,000,010	\$10

During the year, 30,000 common shares were issued for cash of \$30,000,000.

COMMITMENTS

The Corporation is responsible for the construction of the Stadium. To date the Board of Directors have authorized the construction of the Stadium at an estimated total cost of \$283,000,000.

RESTATEMENT OF COMPARATIVE FINANCIAL STATEMENTS

The comparative financial statements have been restated.

Funding from the Province of Ontario in the amount of \$1,000,000 was previously recorded as revenue and deducted from development and indirect construction expenditures. As there are repayment terms attached to this funding it has been restated as a liability.

AUDITORS' REPORT

To the Shareholder of
the Stadium Corporation of Ontario Limited:

We have examined the balance sheet of the Stadium Corporation of Ontario Limited as at December 31, 1986 and the statements of stadium costs and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1986 and the stadium costs and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

Notes to Financial Statements
for the year ended December 31, 1986

1. DESCRIPTION OF THE PLAN

The following brief description of the Teachers' Superannuation pension plan (the Plan) is provided for general purposes only. For more complete information reference should be made to the Teachers' Superannuation Act, 1983 (the Act).

(a) General

The Plan is a contributory defined benefit pension plan of the Province of Ontario and is mandatory for persons who satisfy eligibility requirements provided in the Act. Under this Plan contributions are made by persons employed in education (contributors), certain boards and organizations and the Province of Ontario.

(b) Funding Policy

The Pension Benefits Act of Ontario requires that the Ontario Government, acting as the Plan sponsor, must fund the benefits determined under the Plan. The determination of the value of these benefits is made on the basis of a triennial actuarial valuation.

(c) Service Pensions

A service pension is available based on credit in the Fund, best five year average salary and age of contributor. A 90 factor provides an unreduced pension at any age. An early retirement service pension is available from age 55. Reduction factors which generally apply for early retirement pensions have been suspended for retirements in the period June 1986 to August 1989 inclusive.

(d) Disability Pensions

A disability pension is available at any age with a minimum of 10 years credit. A total disability pension is paid where the contributor is determined by the Teachers' Superannuation Commission (the Commission) to be incapable of further earning a livelihood. A partial disability pension is paid where the contributor is determined by the Commission to be totally disabled from further employment in education only.

TEACHERS' SUPERANNUATION FUND

Notes to Financial Statements — Continued

(e) Survivor Pensions

A survivor pension is paid to a spouse, as defined in the Family Law Act, a dependant child, or a named dependant of a contributor who has a minimum of 10 years credit.

(f) Death Refunds

A death refund is payable to the estate of a pensioner or survivor where such pensions have not been paid to the full extent of the individual's contributions plus interest. In a similar manner, a death refund is payable to the estate of a contributor where no survivor pension is paid.

(g) Withdrawal Refunds

Upon application and subject to the lock-in provisions, withdrawal refunds, with interest on the contributions, are payable where a contributor ceases to be employed in education.

(h) Income Taxes

The Teachers' Superannuation Fund (the Fund) is a Registered Pension Trust as defined by the Income Tax Act and therefore is not subject to income tax.

(i) Superannuation Adjustment Fund

The Superannuation Adjustment Fund (the S.A.F.) is a contributory plan set up under the Superannuation Adjustment Benefits Act to provide cost-of-living escalations to pensioners under the Teachers' Superannuation Act. The Teachers' Superannuation Fund acts as an agent of the S.A.F. in the collection of contributions and the payment of benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Presentation

The statements present the aggregate financial position of the Fund and have been prepared in accordance with generally accepted accounting principles except as indicated under the basis of accounting. They are prepared to assist plan participants in reviewing the activities of the Fund for the fiscal period.

The financial statements do not purport to reflect the financial status of the plan if terminated on the valuation date nor do they reflect the funding requirements of the Plan.

(b) Basis of Accounting

i) Revenue

Contributions from contributors as well as matching contributions from designated private schools or organizations are recorded in the year in which they are received.

The matching contributions from the Province are recorded as an amount equal to the contributions of the contributors including payments for credit in the Fund where applicable, for the year preceding the current year. Interest is recorded on this amount for the nineteen month period ended December 31 of the current year in accordance with Section 6 of the Teachers' Superannuation Act, 1983.

Special payments from the Province are recorded in the year in which they are received.

ii) Expenditure

Capital expenditures, including expenditures for real property, are reflected as administration expenditures in the statement of changes in net assets available for benefits in accordance with the Act.

No provision is made for future benefits to be paid to contributors or for refunds to eligible former contributors who have ceased to be employed in education and have not elected to withdraw their contributions. However, provisions for such amounts are included in the determination of the actuarial liabilities.

iii) Investments

Province of Ontario debentures

Maturing debentures and other surplus funds, will be used to purchase Province of Ontario debentures in accordance with Section 72 of the Act. Province of Ontario debentures are stated at cost. These investments are not valued at their current market value as they are required to be held to the maturity of the debenture. Accordingly, increases or decreases in current value will not be realized.

Short term

Short term investments are stated at cost which approximates market value.

TEACHERS' SUPERANNUATION FUND

Notes to Financial Statements — Continued

NET ASSETS AVAILABLE FOR BENEFITS

The adequacy of the net assets available for benefits is determined by an actuarial valuation at least once each three years. The latest actuarial valuation filed with the Pension Commission of Ontario was as at December 31, 1984.

Changes to the benefit structure were announced in February 1986 have not been incorporated in the information set out in this note. However, these changes will have an impact on the adequacy of the net assets available for benefits.

The actuarial liabilities of the plan are determined by applying actuarial assumptions to project the amount and timing of future benefits and refunds together with teacher and matching contributions, and then discounting those projected benefits and contributions to reflect the time value of money between the valuation date and the expected dates of payment. The significant actuarial assumptions used were:

i) investment earnings and general salary increase rates:

	Assumed Interest Rate on Debenture Placements in the year	General Salary Increase Rate
	%	%
1985	12.1	5.0
1986	10.4	5.0
1987	8.7	5.5
1988 and later	7.0	6.0

ii) mortality rates are based on actuarial studies of recent experience among the active and retired contributors of the Fund.

iii) the assigned probabilities of eligible contributors at indicated ages assumed to retire in the next year with an unreduced service pension:

Age	%
	varying from
55-63	23-28
64	40
65	100

iv) withdrawal rates are based on actuarial studies of the recent experience among the active contributors of the Fund.

The actuarial valuation at December 31, 1984 revealed the following:

	(in thousands)
Net assets available for benefits at December 31, 1984	\$7,578,000
Adjustment to reflect yield on invested assets equivalent to valuation interest assumption	3,178,000
Contributions receivable from Province	267,000
Other assets	60,000
Present value of expected excess interest on future debentures	1,249,000
Actuarial assets	12,332,000
Actuarial liabilities	11,639,000
Surplus at December 31, 1984	\$ 693,000

In accordance with the Pension Benefits Act of Ontario and the 1984 valuation report, special payments are not required.

CONTINGENCY

A claim against the Fund exists on account of corrective steps taken in September 1986 in order to conform to a legal interpretation of the Act. These steps have resulted in the reduction of approximately 1500 pensions on a prospective basis. The outcome of this claim cannot be reasonably determined at this time. Accordingly, no provision have been made in the financial statements. Settlement, if any, would be accounted for on a prospective basis.

5. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to reflect the financial statement presentation adopted for 1986.

To the Members of the Teachers' Superannuation Commission
and to the Treasurer of Ontario.

I have examined the statements of net assets available for benefits and long term investments of the Teachers' Superannuation Fund as at December 31, 1986, and the statements of changes in net assets available for benefits and administration expenditures for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Fund as at December 31, 1986 and the results of its operations for the year then ended in accordance with accounting policies set out in the Summary of Significant Accounting Policies (note 2) to the financial statements applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Commission and to the Treasurer of Ontario.

Toronto, Ontario,
February 20, 1987.

TORONTO AREA TRANSIT OPERATING AUTHORITY

Notes to Financial Statements
for the year ended March 31, 1987
(In thousands of dollars)

1. Summary of Significant Accounting Policies

(a) General

These financial statements are prepared by management in accordance with accounting principles generally accepted in Canada.

(b) Spare parts and supplies

Spare parts and supplies are valued at the lower of cost and replacement cost.

(c) Fixed assets

Fixed assets are valued at cost.

The Authority provides for the depreciation and amortization of the various classes of assets over their estimated useful lives on a straight line basis. Depreciation for locomotives and auxiliary power control units is calculated using a straight line rate applied to cost plus an estimation of future overhaul costs.

Buildings and equipment

Shelters and ticket booths	5 years
Other buildings	20 years
Locomotives and auxiliary power control units	25 years
Other railway rolling stock	25 years
Buses	12 years
Parking lots	20 years
Sundry — Furniture and fixtures	12 years
— Other	3-5 years
Improvements to railway right of way and railway plant	20 years
Leasehold improvements	20 years

(d) Commuter services revenue

Revenue is recognized when the transportation service is provided. Unearned amounts are reflected in the balance sheet as current liabilities.

(e) Subsidies

Operating subsidies paid by the Province of Ontario are treated as reductions of operating losses. Capital contributions from the Province of Ontario are included in equity and are amortized to income over the useful lives of the related assets.

4. Operating Agreements

Substantially all of the services provided by the Authority are operated by outside parties using vehicles and rolling stock owned by the Authority. Charges from the parties in respect of the operating agreements are recorded on an incurred and estimated basis. These services are governed by the following agreements.

Canadian National Railway	June 1, 1977 to May 31, 1987
Gray Coach Lines	To December 31, 1987
Canadian Pacific Limited	October 26, 1981 to October 25, 1991
Charterways Transportation Limited	January 1, 1987 to December 31, 1987

5. Expenses

Further details of expenses are as follows:

	1987	1986
	\$	\$
Salaries, wages and fringe benefits	24,400	21,168
Payments to outside parties for operation of services	46,512	42,549
Fuel and oil	7,682	8,971
Other expenses	19,220	20,668
	<u>97,814</u>	<u>93,356</u>
Leases, rentals and user charges	10,042	10,508
Depreciation and amortization	18,033	17,339
Total expenses	<u>125,889</u>	<u>121,203</u>

Of the total expenses above, \$97,814 (1986 — \$93,356) is recognized as recoverable, in part, from passengers and other sources of revenue. The target amount to be ultimately recovered, has been established by the Authority at 65% of the recoverable expenses. In 1987, total revenue amounted to \$58,857 (1986 — \$57,166) and represents a recovery of 60.2% (1986 — 61.2%) of the recoverable expenses.

6. Commitments

(a) Purchases of Bi-level Commuter Rail Cars and Locomotives

— Deposit on contract with the Urban Transportation Development Corporation Ltd. for the purchase of 63 bi-level commuter rail cars	\$12,403
— Deposit on contract with General Motors of Canada Ltd. for the purchase of 8 locomotives for the heavy rail expansion program and 8 replacement locomotives	1,812
TOTAL	<u>\$14,215</u>

The balance of the purchase price for the bi-level commuter rail cars and locomotives of \$112,782 will be paid out over the period to February 1989 as the Authority takes delivery.

(b) Toronto Transportation Terminal Project

The Toronto Transportation Terminal Project initially involved the Province of Ontario, the Authority, the Government of Canada, the Canadian National Railway Company, Canadian Pacific Limited and the Toronto Terminals Railway Company. As the parties could not reach agreement on a satisfactory cost sharing arrangement for the capital costs of the project, work is proceeding at the Authority's expense on a modified program which provides only for the immediate needs of the Authority's services.

(c) Leases

Minimum operating lease payments in each of the next five years and in aggregate are as follows:

1987-1988	\$ 1,670
1988-1989	1,419
1989-1990	1,368
1990-1991	1,210
1991-1992	1,008
Thereafter	<u>5,795</u>
	<u>\$12,470</u>

In addition to the commitments above, the Authority has entered an agreement to lease land which expires in 2079. The annual rental under this lease is one hundred and fifty-three thousand dollars.

Pensions

The Authority provides pension benefits for its employees through participation in the Public Service Superannuation Fund established by the Province of Ontario. The Province is amortizing the unfunded liability of the plan through a series of annual payments and has charged the Authority for its share of such payments for the year.

Remuneration of Appointees

Total remuneration of Members of the Board of Directors was twenty-eight thousand five hundred and eighty-three dollars during the fiscal year.

To the Members of the Toronto Area Transit Operating Authority and
to the Minister of Transportation and Communications.

I have examined the balance sheet of the Toronto Area Transit Operating Authority as at March 31, 1987 and the statements of equity, operations and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at March 31, 1987 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
for the year ended December 31, 1986

1. CESSATION OF OPERATIONS

(a) Basis of accounting

The Corporation sold its operating assets effective July 1, 1986, as described in note 1(b) below. Future revenues are insufficient to offset the expenses required to complete the Corporation's contracts and the costs and losses associated with the decision to cease active operations. As a result provisions for the estimated costs to complete all contracts and to wind-up the Corporation's business activities have been accrued and reflected in the determination of the loss for the year. Such costs include estimated contract losses, warranty provision, management fees, overhead and all operating costs to December 31, 1988, the estimated date by which all contracts will be completed and operations will effectively cease (refer to note 6).

Comparative financial statements have not been presented because the comparison of the results reported in the consolidated statements for the current year to those of the preceding year would not be meaningful.

(b) The sale of assets

The Corporation sold its fixed assets, technology, inventory and other assets and contracts to Enterprises Lavalin Inc. ("Lavalin") effective July 1, 1986. Lavalin purchased the assets through a new company, UTDC Inc.

The terms of the sale provided for a consideration of \$30 million to be paid as follows:

(i) a cash payment of \$10 million; and

(ii) the issuance of a \$20 million debenture as further described in note 3.

Further, the Corporation's shareholder subscribed and paid \$150,000 for common shares in UTDC Inc. representing a 15% interest.

Under the terms of the sale, the Corporation retained its existing major contracts, other than the GO-Transit and Florida Bi-Level contracts which were assumed by UTDC Inc. The Corporation will be responsible for completion of the retained contracts and for all warranty and performance related matters. As part of the sale agreement, the Corporation entered into an Agency Agreement whereby, UTDC Inc. agreed to complete all retained contracts on behalf of the Corporation. The terms of this Agreement provided that, the Corporation pay UTDC Inc., in addition to the direct costs to complete the contracts, \$49.5 million in respect of UTDC Inc.'s overhead costs and management fee of \$10 million. These amounts will be paid in equal monthly instalments during the period from July 1, 1986 to December 31, 1987. These costs, together with other costs of closing the business, are included in contract costs.

Under the terms of the sale agreement, the Corporation was required to purchase the minority interest in one of its subsidiaries. In this regard, payments of \$1,200,000 and \$3,547,000 were made to purchase the outstanding shares and retire the outstanding long-term debt respectively.

(c) Loss on sale of assets

The loss on sale of assets arises as follows:

Net book value of assets sold:

2. ACCOUNTING POLICIES

The consolidated financial statements of the Corporation have been prepared by management in accordance with accounting principles generally accepted in Canada. The significant accounting policies are summarized below:

(a) Accounting for long-term contracts

Revenues and expenditures under cost reimbursable contracts are recorded as costs are incurred and fees are earned. Revenues and expenditures on long-term fixed price contracts are recorded on a percentage of completion basis, measured by costs incurred. Provisions for losses on contracts are recorded when they become known.

(b) Translation of foreign currencies

The Corporation conducts a substantial portion of its business in foreign currencies. A portion of such transactions is covered by forward exchange contracts. Related assets, liabilities, income and expense accounts have been converted to Canadian funds at the contract rates. The gains or losses arising from settlement of these contracts are included in the determination of the loss for the year.

3. DEBENTURE

The sale agreement provides that a \$20 million debenture is to be issued by UTDC Inc. The parties have agreed that the issuance of this debenture will take place upon receipt of an income tax ruling from Revenue Canada regarding the deductibility of interest to be paid.

The following is a summary of the significant terms and conditions of the debenture:

- (a) the principal amount of the \$20 million debenture will be payable on August 31, 1996;
- (b) interest is payable by December 31 of each year at the rate of 25% of the pre-tax profit of UTDC Inc. for the preceding year ended August 31. If, as a result of the ruling referred to above, such interest is not deductible by UTDC Inc. for income tax purposes, then the amount of interest paid shall be reduced by any additional income tax payable because of this non-deductibility; and
- (c) the redemption of the debenture and the payment of interest is guaranteed by Lavalin Inc. in the event of default by UTDC Inc. The debenture will provide for mandatory principal prepayments between 1990 and 1996 in the event that interest payments do not reach stipulated levels.

5. COMMITMENTS

- (a) The Corporation has entered into various long-term sales contracts for the implementation of transit systems and support activities and/or the manufacture and supply of transit vehicles.
- (i) Intermediate Capacity Transit System (ICTS) contracts
 - Vancouver ICTS — contract with BC Transit to implement a 21.4 kilometre ICTS and supply 114 vehicles. The system commenced revenue service in 1986 and the Corporation is currently completing modifications to the vehicles and system.
 - Detroit ICTS — contract with the Detroit Transportation Corporation to implement a 4.7 kilometre ICTS and supply 12 vehicles. The contract is scheduled for revenue service in 1987.
 - Scarborough ICTS — contract with the Toronto Transit Commission (TTC) to supply 28 vehicles and related system support activities. The system commenced revenue service in 1985. The Corporation is involved in various field service and vehicle retrofit activities.
 - (ii) Streetcar contracts
 - Santa Clara Articulated Light Rail Vehicle (ALRV) — contract with the Santa Clara County Transit District to supply 50 ALRV's with revenue service scheduled for late 1987.
 - TTC ALRV — contract with the TTC to supply 52 ALRV's with completion expected in 1988.
 - (iii) Subway contracts
 - TTC subway cars — contract with the TTC to supply 126 subway cars with completion expected in 1988.
 - Boston subway cars — contract with the Massachusetts Bay Transportation Authority to supply 58 subway cars with completion expected in 1988.

On January 2, 1987, the \$300 million performance bond on the Vancouver ICTS contract lapsed and was replaced by a \$50 million warranty bond. After reflecting this event, the Province of Ontario currently has in place indemnities and bond guarantees with respect to the Corporation's contractual obligations in the aggregate amount of \$270 million.

- (b) The Corporation is committed under various purchase contracts with suppliers and sub-contractors relating to the sales contracts.
- (c) The Corporation is committed to sell U.S. dollars and buy West German marks under long-term forward exchange contracts amounting to U.S. \$29 million (\$40 million Canadian) and DM 4.5 million (\$2 million Canadian) respectively. These contracts mature at various dates throughout the period ended December 1987.
- (d) During the year, the Corporation's shareholder undertook with the Detroit Transportation Corporation that the Corporation would maintain a minimum net worth of \$25 million until the completion of the Detroit ICTS contract (refer to note 7).

6. CONTINGENCIES

On the Detroit ICTS System Contract, problems have been encountered relating to both inadequate concrete and beam cracking in respect of the guideway system. These defects have been repaired. Costs in excess of \$1 million have resulted from remedial efforts. While the Corporation believes it will recover a significant portion of the costs associated with these problems from insurers, subcontractors or the customer, the amount of the eventual recovery cannot now be determined. These matters are presently under litigation and management and legal counsel consider that the Corporation's claims have substantial merit.

There are several contract matters in dispute on the Vancouver Project which has been in full revenue service since January, 1986. The claims and counter-claims at issue are approximately \$30 million. It is expected that all disputes will be resolved in 1987. The amount of loss, if any, is not determinable at this time.

On these and other contracts, the Corporation has experienced delays in delivery schedules and/or technical problems and these factors could result in additional costs. There are also warranty provisions in all contracts relating to vehicles and systems and these range from one to five years' duration.

Provisions have been made in the financial statements for the estimated costs to remedy existing problems, disputes and warranties and for estimated recoveries where appropriate.

As part of the terms of sale of the Corporation's assets it was agreed that should certain work expected to be available to UTDC Inc. from the Via Rail Project not be secured, appropriate compensation, including business losses directly or indirectly contributed by the Province of Ontario, will be negotiated in good faith by both parties. Via Rail Inc. has since indicated that it will not proceed with the program as earlier contemplated. No provision has been made for the potential compensation as it is too early to make such a determination.

Any further losses incurred in respect of the matters referred to in this note will be accounted for in the financial statements of the year in which they are determined.

7. SUBSEQUENT EVENT

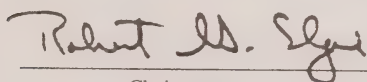

Subsequent to its fiscal year-end, the Corporation issued to the Ontario Transportation Development Corporation, an affiliated company, 300,000 Class A preferred shares for \$30 million cash. If this transaction had occurred at or before December 31, 1986, the net worth of the Corporation would have been about \$27.2 million.

Approved by the Board:

Chairman

Vice-Chairman of Administration
and President

To the Workers' Compensation Board and
to the Minister of Labour.

I have examined the balance sheets — Schedule 1 Accident Fund and Schedule 2 of the Workers' Compensation Board as at December 31, 1986 and the statements of income, expenses and unfunded liability — Schedule 1 Accident Fund and of changes in financial position — Schedule 1 Accident Fund and changes in net deposits — Schedule 2 for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances; the estimated present value of future payments to existing Schedule 1 claimants was determined by the Board's Actuary and reviewed by an independent consulting actuary.

In my opinion, based on my examination and the report of the independent consulting actuary, these financial statements present fairly the financial position of the Board as at December 31, 1986 and the results of its operations and the changes in its financial position and net deposits for the year then ended in accordance with the accounting principles described in Note 1 to the financial statements applied on a basis consistent with that of the preceding year.

WORKERS' COMPENSATION BOARD

Consulting Actuary's Report on the Valuation of the Actuarial Liabilities
of the Schedule 1 Accident Fund of the Workers' Compensation Board of Ontario
as at December 31, 1986

The estimated present value of future compensation, pension payments and health care under Schedule 1 on account of accidents that occurred on or before December 31, 1986 in the amount of \$9.12 billion has been determined by the Board's Staff Actuaries, after consultation with us. We believe that the assumptions made in this valuation are appropriate and that the methods employed are in accordance with sound actuarial principles. We have made such tests of the calculations as were deemed necessary. We have also examined the data upon which the calculations were based and found it to be sufficient for the purposes of the valuation and consistent with the Board's financial statements.

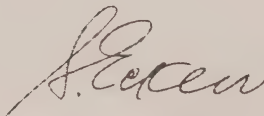

The valuation was based on the provisions of the Workers' Compensation Act in effect as of December 31, 1986. Full provision has been made for potential future increases in the covered earnings ceiling and the level of pensions and temporary compensation resulting from the amendments to the Act contained in Bill 81 by using a net investment return assumption of 3% per annum, on the assumption that investment income in excess of that rate will be required to finance increases in benefits related to inflation.

The present value includes the estimated present value of additional payments resulting from the amendments to the Act contained in Bill 101. Although it was necessary to use a number of approximations in estimating this amount, the effect of these approximations is not material for the purposes of the valuation.

The methods and assumptions employed in the valuation were consistent with those used in the previous valuation, after taking account of changes in claim patterns. A complete description of the methods and assumptions employed in the valuation will be provided in our detailed report to the Board on the valuation.

We understand that certain decisions rendered by the Workers' Compensation Appeals Tribunal (WCAT), which came into effect in October 1985, may have the effect of altering the adjudication of Workers' Compensation claims. Such changes in the adjudication of claims could result in a significant increase in the present value of future payments under Schedule 1 on account of accidents which occurred in past years. It is not possible to quantify at this time the potential increase in the present value of future payments, because of the uncertain future resolution of these decisions and the limited amount of available data.

In our opinion, which includes the foregoing comments, the amount of \$9.12 billion as at December 31, 1986 makes reasonable provision for future compensation, pension payments and health care under Schedule 1 on account of accidents that occurred on or before December 31, 1986.

Notes to the Financial Statements
December 31, 1986

1. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared using the accrual method of accounting except for Schedule 2 benefit payments and their related reimbursements which are accounted for on the cash basis.

Investments

Investments are carried at amortized cost for bonds and amortized cost less principal repayments for mortgages. The difference between the proceeds on the sale of a bond or mortgage and its book value is considered to be an adjustment of future portfolio yield, deferred on the balance sheet and amortized over the lesser of the period to maturity of the security sold and 20 years. Short-term investments and equities are carried at cost.

Fixed assets

Fixed assets are stated at cost. Buildings, equipment, leasehold improvements and motor vehicles are depreciated on the straight-line method at rates calculated to amortize the cost of the assets over their estimated useful lives.

Equipment purchases with a unit cost of \$1,000 or less and leasehold improvements with a unit cost of \$5,000 or less are expensed.

Assessment income

Assessment income is determined on the basis of provisional payrolls reported by employers. At year end, an accrual is calculated to give effect to the additional assessment revenue anticipated as a result of the actual payrolls being greater than provisional.

Estimated present value of future payments to existing Schedule 1 claimants

The estimated present value of future payments to existing Schedule 1 claimants is determined annually by the Board's Actuary and is reviewed by an independent consulting actuary.

CONTINGENT LIABILITY		
Certain decisions rendered by the Workers' Compensation Appeals Tribunal, which came into effect in October 1985, may have the effect of altering the adjudication of Workers' Compensation claims. Such changes in the adjudication of claims could result in a significant increase in the present value of future payments under Schedule 1 on account of accidents which occurred in past years. It is not possible to quantify at this time the potential increase in the present value of future payments to existing Schedule 1 claimants, because of the uncertain future resolution of these decisions and the limited amount of available data.

12. SUPERANNUATION FUND

The Board has a benefit-based pension plan, the Superannuation Fund, for its employees and employees of the provincial safety associations. The accounts of the Fund are included in separate financial statements. An actuarial valuation as at December 31, 1986 is currently in progress. The most recent triennial actuarial valuation as at December 31, 1983 determined that this Fund was in a surplus position.

13. REMUNERATION OF APPOINTEES

The total remuneration of members of the Board of Directors was \$215,114 during the year.

14. COMPARATIVE FIGURES

Certain of the comparative figures have been reclassified to correspond to the current year's presentation.

A GUIDE TO PUBLIC ACCOUNTS

1. SCOPE OF THE PUBLIC ACCOUNTS

The 1986-87 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2 contains the financial statements of those provincial crown corporations, boards and commissions in which the Province has an investment or which have borrowed from the Province or from others with a guarantee by the Province. Also included are selected agencies and certain significant operational agencies which are funded in whole or in part by revenues generated from their operations.

Volume 3 contains the details of expenditure required by the Standing Public Accounts Committee.

2. A GUIDE TO VOLUME 3 OF THE PUBLIC ACCOUNTS

Details of expenditure are reported under the following categories for each ministry:

(1) Voted Appropriations

(a) Salaries and Wages

Listed are the salary rates of those employees on staff at March 31, where the annual rate is in excess of \$50,000. Also listed are temporary help suppliers who received payments accumulating to more than \$30,000.

(b) Employee Benefits

(c) Travelling Expenses

Individuals whose total travelling expenses were more than \$6,000 are listed alphabetically. The travelling expenses of Ministers, Parliamentary Assistants and Deputy Ministers are included regardless of amount.

(d) Other Payments

Recipients of payments accumulating to more than \$30,000 are listed in alphabetical sequence under various subheadings appropriate to the individual ministry.

(2) Statutory Appropriations

Amounts paid are listed by individual Statutory Appropriation.

Residential Tenancy (\$397,848):

To examine, study and inquire into the laws of Ontario, including the statutes and regulations passed thereunder affecting Residential Tenancies in Ontario for the purpose of determining:

- a) the equity of the current system of rent review, having regard for the rights and interests of both the landlord and the tenant;
- b) the effect of rent review on the level of rental rates and the supply of residential accommodation in the Province;
- c) whether a more expeditious procedure should be applied to the review and decision-making process of the Residential Tenancy Commission in view of the issues being raised, the rights of appeal and the need for timely decisions;
- d) the appropriate amendments required in the Residential Tenancies Act, having regard for the decision of the Supreme Court of Canada in respect thereto;
- e) the advisability of integrating the Landlord and Tenant Act with the provisions for rent review as was contemplated by the Residential Tenancies Act prior to the decision of the Supreme Court; and
- f) any other changes in such laws, procedures and processes necessary and desirable to provide for the fair and equitable treatment of landlords and tenants under a system of rent review;

To recommend such changes in the laws, procedures and processes as in the opinion of the Commissioner are necessary and desirable to provide for the fair and equitable treatment of landlords and tenants under a system of rent review; and

To recommend what measures, in addition to rent review, the Province of Ontario might take to assist in providing rental accommodation of fair rents.
